

# REMINGTON 700, 721, 725 LONG ACTION SCOPE BASES - EGW

## REMINGTON 700, 721, 725 LONG ACTION 15 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 700, 722, 40X Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to  $\pm 0.002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# Safety Instruction Guide for REMINGTON 700, 721, 725 LONG ACTION SCOPE BASES

## Introduction

Thank you for choosing the EGW Remington 700, 721, 725 Long Action Scope Bases. This product is designed to enhance your shooting experience by providing a reliable and adjustable mounting solution for your scope. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before installation or maintenance.
- Use the scope bases only with compatible Remington models as specified.
- Follow all local laws and regulations regarding firearm and accessory usage.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope bases for signs of wear or damage before use.
- If you notice any defects or issues, do not use the product and contact a qualified professional.

## Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction at all times.
- Use appropriate eye and ear protection while handling firearms.
- Be aware of your surroundings and ensure a clear line of sight when aiming.
- Follow the manufacturer's torque recommendations when installing the scope bases.
- Use blue loctite as recommended to secure screws and prevent loosening.
- Do not exceed the recommended torque setting of 20 inch lbs.
- Check that the scope rings are properly attached and secure before each use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe working area.
- Gather necessary tools, including a Torx wrench.

### 2. Installation Steps:

- Locate the factory scope mount holes on the firearm's receiver.
- Align the EGW scope base over the mount holes.
- Insert the provided Torx screws into the mount holes.
- Tighten the screws to a torque setting of 20 inch lbs using a torque wrench.
- Apply a small amount of blue loctite to the screws to secure them in place.

### 3. Scope Mounting:

- Choose compatible Picatinny or Weaver scope rings.
- Attach the scope rings to the EGW base according to the manufacturer's instructions.
- Ensure the scope is level and properly adjusted for eye relief.

### 4. Final Checks:

- Inspect the installation for any loose screws or misalignment.

- Test the scope for proper function before heading to the range.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the product, please refer to the manufacturer's website or contact customer support through the provided channels.

Remember, safety is paramount when handling firearms and their accessories. By following these guidelines, you can ensure a safe and enjoyable shooting experience.
