

# REMINGTON 788 LONG ACTION SCOPE BASES - EGW REMINGTON 788 LONG ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 788 Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to  $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting. NOTE: Long Action calibers .308/.243/6mm/7mm-08

# REMINGTON 788 LONG ACTION SCOPE BASES

## Safety Instruction Guide

### Introduction

Thank you for choosing the EGW Remington 788 Long Action Scope Bases. This guide is designed to provide you with essential safety information and instructions for the proper installation and use of this product. Please read this guide carefully to ensure safe and effective use.

### General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model (Remington 788).
- Always handle firearms and accessories safely and responsibly.
- Use the scope bases only for their intended purpose as specified in this guide.
- Store the product in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the scope bases for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

### Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when mounting the scope bases.
- Use a drop of blue loctite on the screws to prevent loosening during use.
- Ensure that the scope rings you use are compatible with Picatinny or Weaver specifications.
- Avoid modifications to the scope bases that may compromise their integrity or safety.
- Always follow the manufacturer's instructions for mounting and using the scope.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure that your firearm is unloaded and pointed in a safe direction.

#### 2. Installation:

- Align the scope bases with the factory scope mount holes on the gun's receiver.
- Use the provided Torx® screws to secure the scope bases in place.
- Tighten each screw to the recommended torque of 20 inch lbs.
- Apply a drop of blue loctite to each screw to prevent loosening.

#### 3. Scope Attachment:

- Attach your scope to the installed bases using compatible Picatinny or Weaver rings.
- Adjust the eye relief as necessary for comfort and effectiveness.

#### 4. Final Check:

- Doublecheck that all screws are tightened and the scope is securely attached.
- Perform a function check to ensure that everything is operating correctly before use.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the scope bases are damaged beyond repair, dispose of them in a manner that is environmentally friendly and complies with local waste disposal laws.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the EGW Remington 788 Long Action Scope Bases, please consult the manufacturer's website or contact their customer support service.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the EGW Remington 788 Long Action Scope Bases.
