

# REMINGTON 788 STANDARD ACTION SCOPE BASES - EGW

## REMINGTON 788 STANDARD ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington 788 Standard Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to  $\pm 0.002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# Safety Instruction Guide for EGW Remington 788 Standard Action Scope Bases

## Introduction

Thank you for choosing the EGW Remington 788 Standard Action Scope Bases. This guide provides essential safety instructions and information to ensure the proper installation and use of your product. Please read this guide carefully before use to ensure your safety and the safety of others.

## General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model, in this case, the Remington 788.
- Always handle firearms with care and follow all safety protocols related to firearm use.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product for any damage or defects before installation.
- Do not use the scope bases if they show signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing the scope bases.
- Wear safety glasses when working with tools during installation.
- Use only the recommended tools to avoid damaging the product during installation.
- Be cautious of sharp edges when handling the scope bases.
- Follow the torque specifications provided to prevent overtightening, which can damage the firearm or the scope bases.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx® wrench.
- Ensure that your workspace is clean and welllit.

### 2. Installation Steps:

- Confirm that your firearm is unloaded and safe to handle.
- Align the EGW Remington 788 Standard Action Scope Bases with the factory scope mount holes on the receiver.
- Insert the socket head Torx® screws into the predrilled holes.
- Tighten the screws gradually, alternating between them to ensure even pressure.
- Use a torque wrench to apply 20 inch lbs of torque to each screw.
- Apply a drop of blue loctite to the screws after tightening for added security.

### 3. Usage:

- After installation, mount your Picatinny or Weaver scope rings onto the scope bases.
- Adjust the scope for eye relief and ensure it is secure.
- Regularly check the tightness of the screws and the stability of the scope.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly by recycling where possible.
- If the product is no longer needed or is damaged beyond repair, dispose of it in accordance with local waste disposal regulations.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the EGW Remington 788 Standard Action Scope Bases, please refer to the relevant EU-based contact point or your retailer.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your EGW Remington 788 Standard Action Scope Bases. Always prioritize safety and consult professionals if you have any questions or concerns regarding installation or use. Thank you for your attention to these important safety guidelines.
