

REMINGTON XP 100, 7 HD SCOPE BASES - EGW REMINGTON XP 100, 7 4-HOLE 0 MOA W/ #6 SCREWS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Remington XP 100, Model 7 4-Hole Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

REMINGTON XP 100 Safety Instruction Guide

Introduction

Thank you for choosing the EGW Remington XP 100, Model 7 4Hole Heavy Duty Scope Bases. This guide provides important safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for wear or damage before each use.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls or safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the scope bases.
- Use only compatible Picatinny or Weaver scope rings as recommended.
- Do not exceed the recommended torque of 20 inch lbs when securing screws.
- Use a drop of blue loctite on screws to prevent loosening during use.
- Avoid overtightening screws as this may damage the scope base or firearm.
- Inspect the scope bases regularly for any signs of wear, damage, or loosening.
- If you notice any issues, discontinue use immediately and seek professional assistance.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and safe to handle.
- Gather necessary tools: socket head Torx® wrench and blue loctite.

2. Installation

- Align the scope base with the factory scope mount holes on the firearm's receiver.
- Insert the provided screws into the aligned holes of the scope base.
- Tighten the screws using the socket head Torx® wrench to a torque of 20 inch lbs.
- Apply a drop of blue loctite to the screws to secure them in place.

3. Usage

- Once installed, mount your scope using compatible Picatinny or Weaver rings.
- Adjust the scope for eye relief and ensure it is securely fastened.
- Always verify the alignment and stability of the scope before use.

4. PostInstallation Check

- After installation, doublecheck that all screws are tightened and the scope is securely mounted.
- Perform a function check to ensure the scope is aligned with the firearm.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If you are unsure how to dispose of the product, contact your local waste management authority for guidance.

Contact Information for Further Support

For any safety inquiries or further support, please refer to your local retailer or the manufacturer's website for assistance.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience with the EGW Remington XP 100 scope bases.
