

RUGER® 10/22 TAKEDOWN® SCOPE BASES - EGW RUGER 10/22 TAKEDOWN 0 MOA SILVER

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Ruger 10/22 Takedown Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for RUGER® 10/22 TAKEDOWN® SCOPE BASES

Introduction

Thank you for choosing the EGW Ruger 10/22 Takedown Scope Bases. This guide provides essential safety instructions and installation guidelines to ensure the safe and effective use of your new product. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that the product is suitable for your Ruger 10/22 Takedown model before installation.
- Always handle firearms and accessories with care and in accordance with local laws and regulations.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the scope bases for signs of wear or damage before each use.
- If you encounter any issues, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the scope bases.
- Use only compatible Picatinny or Weaver scope rings as specified in the product description.
- Avoid overtightening screws during installation; follow the recommended torque specifications.
- Use a drip of blue Loctite on screws to prevent loosening during use.
- Ensure that all attachments are secure before using the firearm.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: socket head Torx® wrench (included).
- Ensure that your workspace is clean and free from distractions.

2. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Locate the factory scope mount holes on the receiver of your Ruger 10/22 Takedown.
- Align the EGW Ruger 10/22 Takedown Scope Base with the factory holes.
- Insert the socket head Torx® screws into the holes and handtighten them.
- Using the Torx® wrench, tighten the screws to a torque of 20 inch lbs. Do not exceed this torque to avoid damaging the base or the firearm.
- Apply a small amount of blue Loctite to the screws to secure them in place.
- Doublecheck that the scope base is firmly attached and that there is no movement.

3. Usage:

- Attach your chosen Picatinny or Weaver scope rings and scope as per the manufacturer's instructions.
- Adjust the eye relief as needed for comfort and accuracy.
- Regularly check the tightness of the scope rings and screws during use.

Disposal Instructions

- Dispose of the packaging materials in accordance with local recycling regulations.
- If the product becomes damaged or is no longer in use, dispose of it responsibly.
- Do not dispose of the product in regular household waste. Check for local hazardous waste disposal options if applicable.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's website or contact your local dealer. Ensure that you have your product details available for reference.

By following these guidelines, you can ensure the safe and effective use of your EGW Ruger 10/22 Takedown Scope Bases. Thank you for your attention to safety!
