

# RUGER® M-77® LONG ACTION SCOPE BASES - EGW RUGER M-77 LONG ACTION 20 MOA (DRILL & TAP)

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Ruger M-77 Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# Safety Instruction Guide for RUGER® M77® Long Action Scope Bases

## Introduction

Thank you for choosing the EGW Ruger M77 Long Action Scope Bases. This guide provides essential safety instructions and usage information to ensure your product is used safely and effectively. Please read this guide thoroughly before installation and use.

## General Safety Guidelines

- Ensure that the product is suitable for your firearm model (Ruger M77 Long Action).
- Always handle firearms and accessories with care, following all local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product for any defects or damage before installation.
- Use the product only for its intended purpose to avoid potential hazards.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to scope misalignment or detachment.
- Using incompatible scope rings may compromise the stability of the scope.

### • Avoiding Hazards:

- Follow installation instructions carefully.
- Use only Picatinny or Weaver scope rings compatible with this product.
- Do not exceed the recommended torque of 20 inch lbs when securing the bases.
- Apply a drip of blue loctite to screws as recommended to prevent loosening.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx wrench.
- Ensure your firearm is unloaded and safe to handle.

### 2. Installation Steps:

- Position the scope base over the factory scope mount holes on the receiver.
- Align the base with the holes, ensuring a proper fit.
- Insert the socket head Torx screws into the base and tighten them to the recommended torque of 20 inch lbs.
- Apply a drip of blue loctite to each screw to secure the installation.

### 3. Usage:

- Attach your Picatinny or Weaver scope rings to the installed base.
- Mount your scope according to the manufacturer's instructions, adjusting for eye relief as necessary.
- After installation, check the stability of the scope and base before using the firearm.

## **Disposal Instructions**

- Dispose of packaging materials in accordance with local regulations.
- If the product is damaged or no longer in use, dispose of it responsibly, ensuring it does not pose a hazard to others.

## **Contact Information for Further Support**

For any inquiries related to product safety or performance, please refer to the manufacturer's contact information provided with your product. Ensure you have your product details ready for any support requests.

By following these guidelines, you can help ensure a safe and effective experience with your EGW Ruger M77 Long Action Scope Bases. Always prioritize safety and adhere to local laws regarding firearms and accessories.
