

# RUGER® M-77® SHORT ACTION SCOPE BASES - EGW RUGER M-77 SHORT ACTION 0 MOA (DRILL & TAP)

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Ruger M-77 Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

# RUGER® M77® Short Action Scope Bases Safety Instructions

## Introduction

Thank you for choosing the EGW Ruger M77 Short Action Scope Bases. This guide provides essential safety information and instructions for the proper use and installation of your scope bases. Please read this document carefully to ensure safe and effective use of your product.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the scope bases.
- Inspect the scope bases for any damage or defects before use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Use the scope bases only with compatible firearms as specified by the manufacturer.
- Keep the product out of reach of children and unauthorized users.
- Regularly check the tightness of the screws and the integrity of the installation to prevent accidents.

## Specific Safety Precautions for Use

- Ensure the scope bases are securely attached to the firearm before use.
- Do not exceed the recommended torque specifications of 20 inch lbs when mounting.
- Use blue Loctite on screws to prevent loosening due to recoil.
- Avoid using excessive force when tightening screws to prevent stripping or damaging the mount.
- Be aware of your surroundings and ensure a safe shooting environment when using the firearm equipped with the scope bases.
- Regularly clean and maintain the scope bases to ensure optimal performance and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a Torx® wrench.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Locate the factory scope mount holes on the gun's receiver.
- Align the EGW Ruger M77 Short Action Scope Bases with the mount holes.
- Insert the socket head Torx® screws into the holes and handtighten them.
- Using the Torx® wrench, tighten the screws to the recommended torque of 20 inch lbs.
- Apply a drip of blue Loctite to each screw to secure them in place.

### 3. Usage:

- After installation, attach your scope using Picatinny or Weaver scope rings as per the manufacturer's instructions.
- Adjust the scope for proper eye relief and alignment before shooting.

### 4. PostInstallation Check:

- After installation, doublecheck that all screws are tightened and that the scope is securely mounted.

- Confirm that the scope is properly zeroed before taking it to the range.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Contact local waste management authorities for guidance on proper disposal methods.

## Contact Information for Further Support

For inquiries regarding safety, installation, or product support, please refer to the manufacturer's website or contact your local distributor.

By following these guidelines and instructions, you can ensure a safe and effective experience with your EGW Ruger M77 Short Action Scope Bases. Thank you for prioritizing safety in your firearm practices.
