

HD SAKO TRG, M995 HD SCOPE BASES - EGW SAKO TRG, M995 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Sako TRG, M995 Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

Safety Instruction Guide for HD SAKO TRG, M995 HD SCOPE BASES

Introduction

Thank you for choosing the EGW Sako TRG, M995 Heavy Duty Scope Bases. This guide provides essential safety instructions, installation procedures, and usage recommendations to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always inspect the scope base for any damage or wear before installation.
- Keep the product out of reach of children and vulnerable groups.
- Do not modify or alter the scope base, as this may compromise safety and performance.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Regularly check for updates on product recalls and safety notices through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Handle the scope base with care to avoid injury from sharp edges.
- Use appropriate tools when installing the scope base to prevent damage to the product or firearm.
- Ensure that the scope base is securely attached to the firearm before use.
- Do not exceed the recommended torque of 20 inch lbs when securing the base.
- Always use a drip of blue loctite on the screws to prevent loosening during use.
- If you experience any issues with the scope base, cease use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a Torx® wrench and blue loctite.
- Ensure that your firearm is unloaded and pointed in a safe direction.

2. Installation Steps

- Locate the factory scope mount holes on the firearm's receiver.
- Align the EGW Sako TRG, M995 scope base with the mount holes.
- Insert the socket head Torx® screws into the holes.
- Tighten the screws gradually, ensuring even pressure across the base.
- Use a torque wrench to apply 20 inch lbs of torque to each screw.
- Apply a drip of blue loctite to each screw to secure them in place.

3. Usage

- Once installed, attach your Picatinny or Weaver scope rings to the scope base.
- Adjust the scope to your desired eye relief and secure it according to the manufacturer's instructions.
- Regularly check the tightness of the screws and the integrity of the installation.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the scope base is no longer in use or damaged beyond repair, dispose of it in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste; check for designated disposal facilities.

Contact Information for Further Support

For questions or concerns regarding the EGW Sako TRG, M995 Heavy Duty Scope Bases, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Proper installation and usage will help ensure a safe and enjoyable experience with your new scope bases.
