

# SAVAGE 212 SCOPE BASES - EGW SAVAGE 212 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Shotgun Bases](#)

EGW Savage 212 Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

- Name: [EGW SAVAGE 212 0 MOA](#)
- Manufacturer: [EGW](#)

# Safety Instruction Guide for EGW Savage 212 Scope Bases

## Introduction

Thank you for choosing the EGW Savage 212 Scope Bases. This guide provides essential safety instructions and guidelines to ensure the proper use and maintenance of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the scope bases for any signs of wear or damage.
- Store the product in a dry and secure location when not in use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the scope bases with compatible Picatinny or Weaver scope rings.
- Do not exceed the recommended torque of 20 inch lbs when mounting.
- Use blue Loctite to secure screws during installation to prevent loosening.
- Ensure that the scope is properly aligned before tightening screws.
- Avoid overtightening screws, as this may damage the scope base or firearm.
- If you experience any issues with the product, cease use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a socket head Torx wrench.
- Ensure you have the correct Picatinny or Weaver scope rings.

### 2. Installation

- Locate the factory scope mount holes on your Savage 212 receiver.
- Align the EGW Savage 212 Scope Base with the mount holes.
- Insert the provided socket head Torx screws into the mount holes.
- Tighten the screws to a torque of 20 inch lbs using the Torx wrench.
- Apply a small amount of blue Loctite to each screw before tightening to secure them.

### 3. Usage

- After installation, attach your scope to the rail using compatible rings.
- Adjust the eye relief according to your preference.
- Check the stability of the scope base and scope before use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for aluminum components.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the EGW Savage 212 Scope Bases, please refer to the manufacturer's contact information provided with the product. It is important to have access to support for any safety inquiries.

By following these guidelines, you will help ensure a safe and enjoyable experience with your EGW Savage 212 Scope Bases. Thank you for your attention to safety!
