

# T/C VENTURE & COMPASS SHORT ACTION SCOPE BASES - EGW T/C VENTURE & COMPASS ACTION 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Thompson Center Venture & Compass Short Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to  $\pm 0.002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# Safety Instruction Guide for T/C Venture & Compass Short Action Scope Bases

## Introduction

Thank you for purchasing the EGW Thompson Center Venture & Compass Short Action Scope Bases. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the scope bases are compatible with your firearm model before installation.
- Always handle firearms and accessories with care, following all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product regularly for any signs of wear or damage.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when installing the scope bases.
- Use a drip of blue Loctite on the screws to ensure secure attachment.
- Ensure that the scope is properly mounted and secured before use.
- Avoid using the product in extreme weather conditions that may affect performance.
- If you experience any issues with the product, cease use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation

- Gather the necessary tools: a socket head Torx® wrench and blue Loctite.
- Ensure that your firearm is unloaded and pointed in a safe direction.

### 2. Installation

- Locate the factory scope mount holes on your firearm's receiver.
- Align the EGW scope bases with the holes and ensure proper fit.
- Insert the socket head Torx® screws into the holes and tighten securely.
- Apply a drip of blue Loctite to each screw to prevent loosening during use.
- Use the wrench to tighten the screws to a torque of 20 inch lbs.

### 3. Scope Mounting

- Choose your preferred Picatinny or Weaver scope rings.
- Attach the scope to the rings and adjust to your desired eye relief.
- Ensure that the scope is securely mounted before using the firearm.

### 4. PostInstallation Check

- Perform a final inspection to ensure all screws are tightened and the scope is secure.
- Test the setup by aiming at a target to ensure proper alignment.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the product is no longer in use, consider recycling or disposing of it in accordance with local waste management regulations.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of the T/C Venture & Compass Short Action Scope Bases, please refer to the manufacturer's contact information provided with your product.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience with the EGW Thompson Center Venture & Compass Short Action Scope Bases!
