

# STAR B BARREL LINK - EGW STAR B BARREL LINK MACHINED FROM BARSTOCK 2PK

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Link Parts](#) > [Barrel Links](#)

Machined from heat treated chromoly steel, this barrel link is the strongest of its kind. Normally barrels hit the back of the frame, but the Star barrels fall short, leaving the full force on the barrel link. This causes most of the factory links to snap under stress. EGW machined this link from 4140 to increase its durability under these conditions.

## Attributes

- Name: [EGW STAR B BARREL LINK MACHINED FROM BARSTOCK 2PK](#)
- Manufacturer: [EGW](#)
- Product no.: 296000531
- Mfr. No.: 20300
- Delivery weight: 0.006kg
- Shipping width: 76mm
- Shipping length: 127mm
- UPC: 841370104307

## Item details

Made in USA

US export classification: 0A501.x

# STAR B BARREL LINK Safety Instruction Guide

## Introduction

Thank you for choosing the STAR B BARREL LINK, machined from heattreated chromoly steel. This product is designed to enhance the durability and performance of your firearm. To ensure safe usage and to maximize the lifespan of the barrel link, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that you are familiar with the operation of your firearm before using this product.
- Store the barrel link and all firearm components in a secure location, out of the reach of children and unauthorized users.
- Regularly inspect the barrel link for signs of wear or damage before each use.
- Report any unsafe products or incidents to local authorities immediately.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with compatible firearms as specified by the manufacturer.
- Avoid using the barrel link if it shows any signs of damage, such as cracks or deformation.
- Ensure that the barrel link is properly installed before using your firearm.
- Do not exceed the manufacturer's recommended specifications for ammunition or usage.
- Always wear appropriate safety gear, including eye protection, when handling firearms.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel link from the firearm according to the manufacturer's instructions.
- Align the STAR B BARREL LINK with the corresponding slots in the firearm.
- Securely fasten the barrel link in place, ensuring it is properly seated.

### 2. Usage:

- After installation, perform a function check to ensure that the firearm operates correctly with the new barrel link.
- Test the firearm in a safe and controlled environment before regular use.
- Monitor the performance of the barrel link during use, and stop using the firearm immediately if any issues arise.

## Disposal Instructions

- Dispose of the barrel link in accordance with local regulations for metal waste.
- Do not dispose of the barrel link in regular household waste.
- Consider recycling the barrel link if possible to minimize environmental impact.

## Contact Information for Further Support

For any safety inquiries, concerns, or to report unsafe products, please contact the EUbased support team. Ensure you have the product details ready for a more efficient response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
