Introduction

Thank you for choosing the SIG SAUER P220229, 320 Vortex Viper/Venom Sight Mount. This guide provides essential safety instructions and installation guidelines to ensure your product is used safely and effectively. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the product for any damage before installation and use.
- Only use the mount with compatible sights as specified in the product description.
- Keep this product out of reach of children and unauthorized users.
- If you experience any issues or have questions, consult a qualified gunsmith or contact customer support.

Specific Safety Precautions for Use

- This mount does not work on any opticsready Sig models.
- Ensure the muzzle is facing forward during installation.
- Do not attempt to modify the mount or your firearm in a way that could compromise safety.
- The installation should be performed by a qualified gunsmith to avoid potential damage or injury.
- Use caution when handling tools and components during installation.

Instructions for Installation and Usage

1. Remove the Rear Sight

- Carefully remove the rear sight from your firearm.

2. Install the EGW Sight Mount

- Install the EGW Sight Mount in the dovetail, ensuring it is aligned correctly.
