

HUNTER SAVAGE EDGE, AXIS, AXIS 2 PICATINNY RAIL 0 MOA - EGW SAVAGE EDGE, AXIS 1-PIECE PICATINNY BASE 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Introducing the newest addition to the EGW lineup; the Hunter series picatinny scope mount. EGW saw the need for a shorter, lighter, heavy duty, picatinny scope mount and this is what they came up with. After countless hours of prototyping and testing, the Hunter mount was born. Featuring: 7075 T6 aluminum for an extremely durable yet lightweight construction. Type III hardcoat anodizing protects the mount from whatever nature can throw at it. Chamfered edges provide a snag free hunt. A compact overall length sheds 15% of its weight compared to our other Heavy Duty mounts. EGW recommends measuring the hole spacing in your receiver to confirm it matches with the dimensions they have published. Picatinny cross slots run the full length of the rail, which gives the shooter flexibility when mounting scope rings and other accessories. EGW one-piece scope mounts are the obvious choice for hunters and tactical shooters alike. This mount is a Picatinny-style base and compatible with Picatinny or Weaver scope rings. EGW machines these in their shop using one of their machining centers. After machining, the mounts are tumbled, sand blasted, and Type III anodized for long lasting durability. Installation: EGW recommends 20 inch lbs of torque and a drip of blue loctite (loctite is sold separately). The entire mount and accessories (from the mounting screws and wrench down to the packaging) are made in the USA. This mount fits: Savage Edge Savage AXIS Savage AXIS II Savage AXIS XP This mount does not fit: Savage AXIS II Precision (Drilled for #8-40 Screws) Savage AXIS II Precision XP (Drilled for #8-40 Screws)

Attributes

- Name: [EGW SAVAGE EDGE, AXIS 1-PIECE PICATINNY BASE 0 MOA](#)
- Manufacturer: [EGW](#)

Safety Instruction Guide for EGW Hunter Savage Edge, Axis, Axis 2 Picatinny Rail 0 MOA

Introduction

Thank you for choosing the EGW Hunter Savage Edge, Axis, Axis 2 Picatinny Rail 0 MOA. This guide provides essential safety information and instructions to ensure safe and effective use of your product. Please read this guide carefully before using the Picatinny rail.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as outlined in this guide.
- Regularly inspect the Picatinny rail for any signs of wear or damage before each use.
- Store the product in a cool, dry place away from direct sunlight when not in use.
- Keep out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always check that the Picatinny rail is securely attached to your firearm before use.
- Use only compatible scope rings and accessories designed for Picatinny rails.
- Avoid overtightening the mounting screws; follow the recommended torque specifications.
- Do not modify or alter the Picatinny rail, as this may compromise safety and functionality.
- Use protective eyewear when installing or adjusting the rail to prevent injury from debris or tools.

Instructions for Installation and Usage

Installation

1. **Tools Required:** You will need a torque wrench and a drip of blue Loctite (sold separately).
2. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
3. **Measure Hole Spacing:** Confirm that the hole spacing in your receiver matches the dimensions published by EGW.
4. **Position the Rail:** Align the Picatinny rail with the mounting holes on your firearm.
5. **Attach the Rail:** Insert the mounting screws through the rail into the receiver.
6. **Torque Specifications:** Apply 20 inch lbs of torque to the screws.
7. **Secure with Loctite:** Apply a drip of blue Loctite to the screws to prevent loosening during use.

Usage

- The Picatinny rail is compatible with both Picatinny and Weaver scope rings.
- Ensure all accessories are firmly attached before use.
- Regularly check the tightness of the screws during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for aluminum materials where available.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact details provided with your

product.

By following these guidelines, you can ensure a safe and effective experience with your EGW Hunter Savage Edge, Axis, Axis 2 Picatinny Rail 0 MOA. Thank you for your attention to safety and for choosing EGW products.
