

PRACTICAL ALUMINUM RINGS - EGW 1" PRACTICAL RINGS 1" HIGH SILVER

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Low Profile & High Strength

Vertically split, low-profile rings clamp to MIL-STD 1913 Picatinny rails or Weaver-style bases and provide an eye-pleasing, streamlined look without compromising strength. Ring halves clamp together with four, steel Allen head screws for a tight hold on optic and rail. Steel cross-bar locks in the rail slot or base to prevent slippage under recoil. Available for 1" and 30mm diameter scope tubes.

Attributes

- Name: [EGW 1" PRACTICAL RINGS 1" HIGH SILVER](#)

PRACTICAL ALUMINUM RINGS EGW 1" PRACTICAL RINGS 1" HIGH SILVER Safety Instructions

Introduction

Thank you for choosing the PRACTICAL ALUMINUM RINGS EGW 1" PRACTICAL RINGS 1" HIGH SILVER. These rings are designed to securely mount your scope to a rifle, ensuring optimal performance and safety. This safety instruction guide provides essential information to ensure safe usage, installation, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Ensure safe use of the rings by following all instructions carefully.
- **Enhanced Recalls:** Be aware of any recall notices related to this product and follow any provided instructions.
- **Online Shopping:** If purchased online, ensure the seller meets safety requirements.
- **Special Consumer Focus:** Extra care should be taken by vulnerable groups, including children, to avoid accidents.
- **EU Contact Point:** For safety inquiries, refer to the product's EU-based contact.
- **Rapid Alerts:** Stay informed about any updates on unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- Ensure the rings are compatible with your scope and rifle before installation.
- Always inspect the rings for any damage or defects before use.
- Do not exceed the recommended weight limit for the scope mounted on the rings.
- Avoid using the rings in extreme weather conditions that may affect performance.
- Keep the rings out of reach of children and pets to prevent accidents.
- Regularly check the tightness of the screws to ensure the rings remain securely fastened.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and Allen head screwdriver.
- Ensure your rifle is unloaded and pointed in a safe direction during installation.

2. Installation Steps:

- Place the rings onto the MILSTD 1913 Picatinny rail or Weaverstyle base.
- Align the crossbar of the rings with the rail slot to lock in place.
- Use the four steel Allen head screws to clamp the ring halves together.
- Tighten the screws evenly to avoid misalignment, using a torque wrench for the recommended torque settings.
- Ensure the scope is properly seated within the rings and adjust as necessary.

3. Usage:

- After installation, perform a function check to ensure the scope is secure.
- Avoid adjusting the scope while the rifle is loaded or in a potentially unsafe position.

Disposal Instructions

- Dispose of the rings in accordance with local regulations for metal waste.
- Do not dispose of the product in household waste.
- Consider recycling options available in your area.

Contact Information for Further Support

For any inquiries regarding the safety, installation, or usage of your PRACTICAL ALUMINUM RINGS EGW 1" PRACTICAL RINGS 1" HIGH SILVER, please refer to the manufacturer's contact information available on the product packaging or official website.

By following these safety instructions, you can ensure a secure and safe experience with your PRACTICAL ALUMINUM RINGS. Thank you for your attention to safety.
