

PRACTICAL ALUMINUM RINGS - EGW 30MM PRACTICAL RINGS .840" HIGH SILVER

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Low Profile & High Strength

Vertically split, low-profile rings clamp to MIL-STD 1913 Picatinny rails or Weaver-style bases and provide an eye-pleasing, streamlined look without compromising strength. Ring halves clamp together with four, steel Allen head screws for a tight hold on optic and rail. Steel cross-bar locks in the rail slot or base to prevent slippage under recoil. Available for 1" and 30mm diameter scope tubes.

Attributes

- Name: [EGW 30MM PRACTICAL RINGS .840" HIGH SILVER](#)
- Manufacturer: [EGW](#)
- Product no.: 296000724

Safety Instruction Guide for PRACTICAL ALUMINUM RINGS EGW 30MM PRACTICAL RINGS .840" HIGH SILVER

Introduction

Thank you for choosing the PRACTICAL ALUMINUM RINGS EGW 30MM PRACTICAL RINGS. These scope rings are designed to provide a secure and stable mounting solution for your optics. To ensure your safety and the optimal performance of the product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified.
- Regularly inspect the rings for any signs of wear or damage before each use.
- Always follow the manufacturer's recommendations for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- In case of any safety concerns, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Avoid overtightening the screws during installation as this may damage the rings or the rail.
- Do not use the rings if they show any signs of deformation or damage.
- Ensure that the scope is properly aligned and securely fastened to prevent movement during use.
- Be cautious when handling the product as sharp edges may exist.
- If the rings are used in adverse weather conditions, check for any moisture or corrosion after use.

Instructions for Installation and Usage

1. Installation

- Ensure that the mounting surface (Picatinny rail or Weaverstyle base) is clean and free from debris.
- Position the ring halves around the scope tube and align them with the mounting surface.
- Secure the ring halves together using the four steel Allen head screws provided. Tighten them evenly to ensure a uniform grip.
- Make sure the steel crossbar locks securely into the rail slot or base to prevent slippage.

2. Usage

- Always verify that the scope is properly mounted and aligned before use.
- After installation, perform a visual check to confirm that all screws are tight and secure.
- Regularly check the tightness of the screws during use, especially after heavy recoil or extended shooting sessions.

Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum and steel waste.
- Do not dispose of the product in household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the product, please consult the manufacturer's website or contact their customer support.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your PRACTICAL ALUMINUM RINGS EGW 30MM PRACTICAL RINGS. Thank you for your attention to safety!
