

CZ 457 11MM HD PICATINNY SCOPE MOUNT - EGW CZ 457 11MM 1-PIECE PICATINNY BASE 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Picatinny cross slots run the full length of the rail, which gives the shooter flexibility when mounting scope rings and other accessories. EGW one-piece scope mounts are the obvious choice for hunters and tactical shooters alike. This mount is a Picatinny-style base and compatible with Picatinny or Weaver scope rings. EGW machines these in their shop using one of their machining centers. After machining, the mounts are tumbled, sand blasted, and Type III anodized for long lasting durability. Recommend: 0 MOA -if shooting 0-500 yards 20 MOA -if shooting 500-1000 yards When zeroing your rifle with a 20 MOA mount, EGW recommends zeroing at 200 yards. Installation: EGW recommends 20 inch lbs of torque and a drip of blue loctite (loctite is sold separately). The entire mount and accessories (from the mounting screws and wrench down to the packaging) are made in the USA.

Attributes

- Name: [EGW CZ 457 11MM 1-PIECE PICATINNY BASE 0 MOA](#)

Safety Instruction Guide for CZ 457 11MM HD Picatinny Scope Mount

Introduction

Thank you for choosing the CZ 457 11MM HD Picatinny Scope Mount by EGW. This guide provides essential safety instructions and information to ensure the safe use and installation of your scope mount. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is suitable for your firearm model before installation.
- Always follow the manufacturer's recommendations for mounting and usage.
- Inspect the scope mount regularly for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Do not modify the scope mount in any way, as this may compromise safety and performance.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Product Safety:** This scope mount is designed for safe use with compatible firearms. Ensure that all components are correctly installed and secure before use.
- **Enhanced Recalls:** Stay informed about any recalls related to your product. Check the EU Safety Gate platform for updates.
- **Online Shopping Safety:** If purchased online, verify that the seller complies with EU safety regulations.
- **Vulnerable Groups:** Keep this product away from children and ensure that only trained adults handle the installation and usage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and blue Loctite (sold separately).
- Ensure that the firearm is unloaded and in a safe condition before beginning installation.

2. Installation Steps:

- Align the scope mount with the mounting holes on your CZ 457 rifle.
- Use the provided mounting screws to secure the mount in place.
- Apply 20 inch lbs of torque to the screws using a torque wrench.
- For added security, apply a drop of blue Loctite to the screws before tightening.
- Doublecheck that the mount is securely attached and does not move.

3. Usage Guidelines:

- When zeroing your rifle, follow these recommendations:
 - Use a 0 MOA mount if shooting 0500 yards.
 - Use a 20 MOA mount if shooting 5001000 yards.
 - For a 20 MOA mount, EGW recommends zeroing at 200 yards.
- Regularly check the alignment and stability of the scope mount during use.

Disposal Instructions

- Dispose of packaging materials responsibly, following local recycling guidelines.
- If the scope mount is no longer in use, consider returning it to the manufacturer for proper disposal or recycling.

Contact Information for Further Support

For any questions or concerns regarding the CZ 457 11MM HD Picatinny Scope Mount, please refer to the manufacturer's website or customer support resources for assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the CZ 457 11MM HD Picatinny Scope Mount.
