

# CZ 457 11MM HD PICATINNY SCOPE MOUNT - EGW CZ 457 11MM 1-PIECE PICATINNY BASE 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Picatinny cross slots run the full length of the rail, which gives the shooter flexibility when mounting scope rings and other accessories. EGW one-piece scope mounts are the obvious choice for hunters and tactical shooters alike. This mount is a Picatinny-style base and compatible with Picatinny or Weaver scope rings. EGW machines these in their shop using one of their machining centers. After machining, the mounts are tumbled, sand blasted, and Type III anodized for long lasting durability. Recommend: 0 MOA -if shooting 0-500 yards 20 MOA -if shooting 500-1000 yards When zeroing your rifle with a 20 MOA mount, EGW recommends zeroing at 200 yards. Installation: EGW recommends 20 inch lbs of torque and a drip of blue loctite (loctite is sold separately). The entire mount and accessories (from the mounting screws and wrench down to the packaging) are made in the USA.

## Attributes

- Name: [EGW CZ 457 11MM 1-PIECE PICATINNY BASE 20 MOA](#)
- Manufacturer: [EGW](#)
- Product no.: 296000765

# CZ 457 11MM HD Picatinny Scope Mount Safety Instructions

## Introduction

Thank you for choosing the CZ 457 11MM HD Picatinny Scope Mount. This guide provides essential safety instructions to ensure the proper use, installation, and maintenance of your scope mount. Please read this manual carefully to understand how to use this product safely and effectively.

## General Safety Guidelines

- Ensure the product is suitable for your specific firearm model.
- Always follow local laws and regulations regarding firearm accessories.
- Inspect the scope mount before each use for any signs of damage or wear.
- Do not exceed the recommended torque settings during installation.
- Keep this product and all accessories out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installing or adjusting the scope mount.
- Use only compatible Picatinny or Weaver scope rings with this mount.
- Avoid using excessive force when tightening screws to prevent damage to the mount or firearm.
- Regularly check the mount for tightness and stability, especially after heavy use or transport.
- If you experience any issues with the scope mount, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Gather all necessary tools, including a torque wrench and blue Loctite (sold separately).
- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the scope mount with the Picatinny rail on your firearm.
- Apply a drop of blue Loctite to the screws.
- Tighten the screws to a torque setting of 20 inch lbs using the torque wrench.
- Doublecheck that the mount is securely attached before proceeding.

### 2. Usage Instructions:

- When zeroing your rifle, EGW recommends using a 20 MOA mount for distances between 500-1000 yards.
- For optimal performance, zero your rifle at 200 yards when using a 20 MOA mount.
- Regularly inspect the scope mount and accessories for wear or damage.

## Disposal Instructions

- Dispose of the product and packaging in accordance with local regulations.
- Do not dispose of this product in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the CZ 457 11MM HD Picatinny Scope Mount, please consult your retailer or manufacturer.

**Note:** This guide is intended to provide essential safety information. Always prioritize safety when handling firearms and accessories.
