

BROWNING BAR / BLR LONG ACTION HD PICATINNY SCOPE MOUNT - EGW BROWNING BAR/BLR LA 1-PIECE PICATINNY BASE 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW recommends measuring the hole spacing in your receiver to confirm it matches with the dimensions they have published. Picatinny cross slots run the full length of the rail, which gives the shooter flexibility when mounting scope rings and other accessories. The channel in the center reduces the overall mass of the mount. Also, in many cases, it will not obstruct usage of factory iron sights. EGW one-piece scope mounts are the obvious choice for hunters and tactical shooters alike. EGW machines these in their shop using one of their machining centers. After machining, the mounts are tumbled, sand blasted, and Type III anodized for long lasting durability. Installation: EGW recommends 20 inch lbs of torque and a drip of blue loctite (loctite is sold separately). Recommend: 0 MOA - if shooting 0-500 yards 20 MOA - if shooting 500-1000 yards When zeroing your rifle with a 20 MOA mount, EGW recommends zeroing at 200 yards. The entire mount and accessories (from the mounting screws and wrench down to the packaging) are made in the USA. This Mount Fits: Browning BAR (all calibers) Browning BLR Long Action Browning BLR Takedown Browning BPR Browning Short Trac Benelli R1* (see below) This Mount Does Not Fit: Browning BAR MK3 DBM - This rifle has integrated picatinny style rails that are not removable In October 2019 the overall length of this mount was changed from 5.488" to 5.094" to accomodate takedown models. If you purchase a mount from a third party seller there is a chance it may be older and not fit your takedown. *This mount will fit the Benelli R1 Rifles. It will cover the middle hole on their action, but will use the front and back pairs. ***This mount does not fit the BAR ShortTrac Hog Stalker. EGW does not have a mount that works with this application. EGW has found that older model BLRs may use the long action rail despite the caliber. Please measure your hole spacing to confirm.

Attributes

- Name: [EGW BROWNING BAR/BLR LA 1-PIECE PICATINNY BASE 0 MOA](#)
- Manufacturer: [EGW](#)
- Product no.: 296000768
- Mfr. No.: 81029
- Action Type: Long
- Colour: Black
- Elevation: 0 MOA
- Material: Aluminum
- Model: BLR,BAR
- Number of Bases: 1-Piece
- Style: Picatinny Rail
- Weapon type: Browning
- Delivery weight: 0.091kg
- Shipping height: 25mm

Safety Instruction Guide for BROWNING BAR / BLR Long Action HD Picatinny Scope Mount

Introduction

Thank you for choosing the BROWNING BAR / BLR Long Action HD Picatinny Scope Mount by EGW. This guide provides essential safety instructions and recommendations to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm model. Refer to the specifications in the product description.
- Always handle firearms safely and responsibly. Follow all applicable laws and regulations regarding firearm ownership and use.
- Inspect the scope mount for any damage before installation. Do not use if any parts are damaged or missing.
- Keep the scope mount and all accessories out of reach of children and unauthorized users.
- Store the scope mount in a safe, dry place when not in use.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Use the recommended torque of 20 inch lbs when securing the mount to the rifle.
 - Apply a drip of blue Loctite to the screws to prevent loosening during use. (Loctite is sold separately.)
- **Zeroing Your Rifle:**
 - If using a 20 MOA mount, zero your rifle at 200 yards for best results.
- **Compatibility Warnings:**
 - This mount does not fit Browning BAR MK3 DBM due to integrated rails that are not removable.
 - Ensure proper fitment with takedown models; older models may have different specifications.
- **Vulnerable Groups:**
 - Keep the product out of reach of children. This product is intended for adult use only.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and the appropriate screws.
- Ensure you have a clean workspace free of debris.

2. Installation Steps:

- Measure the hole spacing in your receiver to confirm compatibility with the mount dimensions.
- Align the mount with the holes on the receiver and insert the screws.
- Use a torque wrench to tighten the screws to the recommended torque of 20 inch lbs.
- Apply a drip of blue Loctite to the screws to secure them in place.

3. Usage:

- Once installed, attach your scope rings and scope as per the manufacturer's instructions.
- Ensure that the mount does not obstruct the use of factory iron sights, if applicable.
- Regularly check the tightness of the mount and screws during use.

Disposal Instructions

- Dispose of the product according to local regulations for metal and electronic waste.
- Do not dispose of the mount in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with your product packaging.
