# Safety Instruction Guide for 1911 FIVE CHAMBER COMPENSATOR EGW HYBRIDSTYLE COMP

## Introduction

Thank you for choosing the 1911 Five Chamber Compensator EGW HybridStyle Comp. This product is designed to enhance your shooting experience by reducing red dot bounce and recoil. Please read this safety instruction guide thoroughly to ensure safe and effective use.

## General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the compensator is compatible with your firearm model (Government, Commander).
- Follow all local laws and regulations regarding the use and modification of firearms.
- Store the compensator in a safe and secure location, away from children and unauthorized users.
- Regularly inspect the compensator for wear and damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the recommended caliber limits; this compensator is available for 9mm/.38 only.
- Ensure that the compensator is installed correctly to prevent malfunctions.
- Be aware of potential hazards such as:
  - Improper installation leading to firearm malfunction.
  - Excessive recoil if the compensator is not used as intended.
  - Powder fouling affecting the scope if the compensator is not maintained properly.
- Use appropriate eye and ear protection while shooting.
- Avoid using the compensator if it shows signs of damage or wear.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- If using the threaded version, align the compensator with the threaded barrel and screw it on securely.
- For the conestyle version, position it at the end of the barrel and ensure it fits snugly.
- Check that the compensator is firmly attached before proceeding.

### 2. Usage

- When using the compensator, maintain a firm grip on the firearm to manage recoil effectively.
- Regularly check the compensator for any signs of loosening or damage during use.
- Clean the compensator after use to prevent powder fouling and ensure optimal performance.

## Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- Do not dispose of the compensator in regular household waste.
- Consider recycling options if available.

## Contact Information for Further Support

For further assistance or questions regarding safety, installation, or usage, please consult a qualified gunsmith or relevant authorities. Ensure that you have the necessary information about your product and its specifications ready for discussion.

By following these safety instructions, you can enjoy the benefits of the 1911 Five Chamber Compensator EGW HybridStyle Comp while ensuring a safe shooting experience. Thank you for your attention to these guidelines.
