

# REMINGTON 700 FIRING PIN ASSEMBLY, LITE - GRE-TAN REM 700 LONG ACTION LITE FIRING PIN ASSEMBLY

[Rifle Parts](#) > [Bolt Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

Gre-Tan Rifle's GEN II Lite steel Firing Pin Assembly; Matte Black. Featuring the Thread Assembly System that prevents the uncontrolled discharge of the firearm. This thread assembly joins in front of the spring collar. Along with a Radius Tip contour design so you can now dry fire practice and set triggers with our pin. The pin is made with 7075-T6 aluminum shank, and preheat treated 4140 Steel tip. If you are purchasing a GTR Firing Pin Assembly for a PTG bolt it needs to be fitted by Gre-Tan. Contact Gre-Tan and they will install and fit it for free.

# REMINGTON 700 Firing Pin Assembly Safety Instructions

## Introduction

Thank you for choosing the REMINGTON 700 FIRING PIN ASSEMBLY, LITE GRETAN. This product is designed to enhance the performance of your rifle while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper handling, installation, and disposal of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and respect, following all local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product regularly for signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or handling the firing pin assembly.
- Do not modify the firing pin assembly or use it in a manner not specified by the manufacturer.
- Use protective eyewear when dry firing or practicing with the assembly.
- Be aware of your surroundings and ensure a safe environment when practicing dry firing.
- If using the GTR Firing Pin Assembly with a PTG bolt, ensure it is fitted by GreTan to avoid malfunctions.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is completely unloaded.
- Remove the old firing pin assembly, if applicable, following the manufacturer's instructions.
- Carefully install the new REMINGTON 700 firing pin assembly by aligning it with the spring collar.
- Ensure the thread assembly is securely joined at the front of the spring collar.
- Check that the radius tip contour design is properly positioned for optimal performance.
- Confirm that the assembly is fitted correctly and does not interfere with the firearm's operation.

### 2. Usage

- Before each use, inspect the firing pin assembly for any signs of damage or wear.
- Practice dry firing in a safe environment, ensuring no live ammunition is present.
- If you experience any malfunctions during use, stop immediately and inspect the assembly.
- Contact GreTan for assistance if you need help with fitting or installation.

## Disposal Instructions

- Dispose of the firing pin assembly in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for designated disposal sites for metal and firearm components.

## **Contact Information for Further Support**

For any inquiries regarding the REMINGTON 700 FIRING PIN ASSEMBLY, please reach out to the manufacturer's customer support for assistance. Ensure you have the product details available when contacting them.

Thank you for prioritizing safety while using the REMINGTON 700 FIRING PIN ASSEMBLY. Your adherence to these guidelines will help ensure a safe and enjoyable experience.
