# Compartment Boxes Brownells Safety Instruction Guide

## Introduction

Thank you for choosing the Compartment Boxes Brownells 41/2"X23/4"X11/4", with 6 compartments. These tough, seethru boxes are designed for easy identification of contents and are made from special polypropylene that ensures durability. This guide provides essential safety instructions to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used in accordance with the intended purpose.
- Keep the product out of reach of children to prevent accidental injury or misuse.
- Regularly inspect the boxes for any signs of damage or wear. Discontinue use if any issues are found.
- Do not use the boxes for food storage or any applications not specified by the manufacturer.
- Be aware of the material properties; the boxes are resistant to cracking but can be affected by certain supersolvents.

## Specific Safety Precautions for Use

- Handle the boxes with care to avoid dropping or subjecting them to heavy impacts.
- Avoid exposure to extreme temperatures, which may affect the integrity of the polypropylene.
- Do not overload the compartments beyond their intended capacity to prevent breakage.
- Ensure that the contents stored in the boxes are compatible with polypropylene to avoid chemical reactions.
- If the boxes become dirty, clean them with mild soap and water; avoid harsh chemicals that could damage the material.

## Instructions for Installation and Usage

1. **Unpacking:** Carefully remove the boxes from their packaging. Dispose of packaging materials responsibly.
2. **Inspection:** Before use, inspect each box for cracks, breaks, or other damage.
3. **Filling the Boxes:**
  - Open the box lid gently.
  - Place items into each compartment, ensuring they fit comfortably without excessive force.
  - Close the lid securely after filling.
4. **Storage:** Store the boxes in a cool, dry place away from direct sunlight and extreme temperatures.
5. **Transportation:** If transporting the boxes, ensure they are secured to prevent movement and potential damage.

## Disposal Instructions

- When the boxes reach the end of their life, dispose of them in accordance with local regulations.
- Do not incinerate the boxes as they may release harmful substances when burned.
- Check for recycling options in your area, as polypropylene is often recyclable.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Compartment Boxes Brownells, please reach out to your local distributor or refer to the product packaging for further instructions. Always stay informed about product recalls and safety updates through the EU Safety Gate platform.

By following these safety instructions, you can ensure the safe and effective use of your Compartment Boxes Brownells. Thank you for your attention to safety!
