# Safety Instruction Guide for EXTRACTOR MILLING CUTTERS BROWNELLS 15/64", SLOT WIDTH .213"

## Introduction

Thank you for choosing the EXTRACTOR MILLING CUTTERS BROWNELLS 15/64", SLOT WIDTH .213". This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before using the cutter.

## General Safety Guidelines

- Product Safety: Ensure safe use of the milling cutter by following all instructions and precautions outlined in this guide.
- Enhanced Recalls: Be aware of standardized recall notices and remedies for any dangerous products.
- Online Shopping: If purchased online, ensure that the seller complies with safety requirements as mandated by EU regulations.
- Special Consumer Focus: Extra care should be taken when the product is used by or around vulnerable groups, including children.
- EU Contact Point: For any safety inquiries, refer to the EUbased contact information provided by the manufacturer or seller.
- Rapid Alerts: Stay updated on any unsafe product alerts through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the milling cutter.
- Ensure that the workspace is clean, welllit, and free from any obstacles that may cause accidents.
- Keep hands and other body parts clear of the cutting area while the tool is in operation.
- Do not operate the cutter if you are tired, under the influence of drugs or alcohol, or if you are not feeling well.
- Inspect the milling cutter before each use for any signs of damage or wear. Do not use a damaged cutter.
- Follow all manufacturer instructions regarding the setup and operation of the milling cutter.
- Ensure that the milling cutter is securely mounted before use to prevent any accidents.
- Only use the cutter for its intended purpose as described in this guide.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials required for installation.
- Ensure that the milling cutter is compatible with your Sako extractor slot width.

### 2. Installation:

- Securely mount the milling cutter in a compatible milling machine or tool holder.
- Adjust the cutter's depth and feed rate according to the material being cut and the specifications provided by the manufacturer.

### 3. Usage:

- Start the milling machine and allow the cutter to reach the desired speed before beginning to cut.
- Gradually feed the material into the cutter, ensuring even pressure and control.
- Monitor the cutting process closely and make adjustments as necessary to maintain safety and

effectiveness.

- If any unusual sounds or vibrations occur, stop the machine immediately and inspect the cutter and setup.

#### **4. PostUse:**

- After completing the cutting task, turn off the milling machine and wait for the cutter to come to a complete stop before removing it.
- Clean the cutter and workspace to prevent any accidents or injuries.

## **Disposal Instructions**

- Dispose of the milling cutter in accordance with local regulations regarding hazardous waste.
- Do not throw the cutter in regular waste bins; instead, check for designated disposal sites for tools and sharp objects.
- Ensure that the cutter is safely wrapped or contained to prevent injury during disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the EXTRACTOR MILLING CUTTERS BROWNELLS 15/64", SLOT WIDTH .213", please refer to the manufacturer's contact information provided at the time of purchase or on the product packaging.
