

# FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 26 NOSLER FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 26 NOSLER FULL LENGTH DIE SET](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

# Safety Instruction Guide for Forster Full Length Sizing and Bench Rest Seater Die Sets

## Introduction

Thank you for choosing the Forster Full Length Sizing and Bench Rest Seater Die Sets. These highquality reloading dies are designed to help you produce accurate and consistent rounds. This guide provides essential safety instructions and guidelines to ensure safe usage of the product, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that all safety instructions are followed carefully to prevent accidents and injuries.
- Keep the dies and all reloading equipment out of reach of children and vulnerable individuals.
- Always inspect the dies for any signs of damage or wear before use.
- Use the dies only for their intended purpose as specified in this guide.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Ensure your workspace is clean, dry, and welllit to avoid accidents.
- Handle all components with care to avoid injury from sharp edges.
- Do not exceed the recommended load specifications when reloading ammunition.
- Keep all tools and equipment organized to prevent accidental injuries.
- Avoid distractions while reloading to maintain focus on the task.

## Instructions for Installation and Usage

### 1. Installation of the Die Set

- Ensure your reloading press is securely mounted to a stable surface.
- Select the appropriate die for your reloading needs (Full Length Sizing Die or Bench Rest Seater Die).
- Follow the manufacturer's instructions to install the die into the press, ensuring it is tightened properly.

### 2. Using the Full Length Sizing Die

- Insert a clean, empty cartridge case into the shell holder of the press.
- Adjust the die to the correct height according to the manufacturer's specifications.
- Pull the handle to resize the case, ensuring smooth operation.
- Inspect the resized case for proper dimensions before proceeding.

### 3. Using the Bench Rest Seater Die

- Place a resized case into the shell holder.
- Insert a bullet into the case mouth.
- Adjust the die to set the desired seating depth, following the manufacturer's guidelines.
- Pull the handle to seat the bullet firmly in the case.
- Inspect the completed cartridge for proper bullet seating.

## Disposal Instructions

- Dispose of any damaged or worn dies and components in accordance with local regulations.
- Recycle metal components where possible.
- Do not dispose of reloading materials or ammunition in regular household waste.

## Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact details provided on the product packaging or the manufacturer's website.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing and Bench Rest Seater Die Sets. Thank you for prioritizing safety in your reloading practices.
