

# FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 6 CREEDMOOR FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6 CREEDMOOR FULL LENGTH DIE SET](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319000043

# **Safety Instruction Guide for Forster Products, Inc.**

## **6 Creedmoor Full Length Sizing and Bench Rest Seater Die Sets**

### **Introduction**

Thank you for choosing the Forster Products, Inc. 6 Creedmoor Full Length Sizing and Bench Rest Seater Die Sets. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before using the die sets.

### **General Safety Guidelines**

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks not addressed by other EU laws.
- Check for standardized recall notices and remedies for dangerous products.
- Online shopping provides the same protections as physical stores; ensure online platforms meet safety requirements.
- Extra safeguards are in place for vulnerable groups, including children.
- For safety inquiries, refer to the EUbased contact point for this product.
- Stay informed about unsafe products via the Safety Gate system.

### **Specific Safety Precautions for Use**

- Always wear appropriate safety gear, including eye protection, when reloading ammunition.
- Use only the dies and components specified for your particular caliber.
- Ensure that your reloading bench is stable and free of clutter to prevent accidents.
- Keep all reloading materials, including primers and powders, out of reach of children and pets.
- Do not exceed recommended load data for reloading; refer to reliable reloading manuals.
- Inspect your dies for any signs of wear or damage before use.
- Always follow the manufacturer's instructions when setting up and using the die sets.

### **Instructions for Installation and Usage**

#### **1. Setup of Die Sets**

- Start by cleaning the dies with a suitable solvent to remove any manufacturing residue.
- Install the full length sizing die into your reloading press according to the manufacturer's instructions.
- Secure the die in place using the Forster Cross Bolt Die Locking Ring, ensuring it is tightened properly.
- Install the Bench Rest seater die in the same manner.

#### **2. Reloading Process**

- Begin by resizing your brass cases using the full length sizing die. Follow the recommended procedures for adjusting the die to achieve the desired shoulder bump.
- Use the EZ case neck expander system to prepare the neck of the case for bullet seating.
- When seating bullets, ensure that you adjust the Bench Rest seater die to achieve the correct overall length for your ammunition.
- After loading, inspect each round for consistency and quality.

#### **3. Storage of Die Sets**

- Store the die sets in a cool, dry place to prevent rust and corrosion.
- Keep dies in their original packaging or a protective case to avoid damage.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials, including spent primers and powder, in regular household waste.
- Contact your local hazardous waste disposal facility for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the Forster Products, Inc. 6 Creedmoor Full Length Sizing and Bench Rest Seater Die Sets, please refer to the EUbased contact point provided with your product packaging.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your Forster die sets. Thank you for your attention to safety and compliance.
