

# BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. BENCH REST SEATER DIE, 26 NOSLER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## Attributes

- Name: [FORSTER PRODUCTS, INC. BENCH REST SEATER DIE, 26 NOSLER](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319000056

# Forster Bench Rest® Seater Dies Safety Instruction Guide

## Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies for your reloading needs. These dies are designed to help you produce highquality, concentric rounds. This guide provides essential safety instructions to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that all tools and equipment used for reloading are in good working condition.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling reloading materials.
- Keep your workspace clean and organized to avoid accidents.
- Store reloading dies and components in a secure location, out of reach of children and pets.
- Be aware of the specific hazards associated with reloading ammunition, including the handling of powders and primers.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always read and understand the manufacturer's instructions before using the Forster Bench Rest® Seater Dies.
- Ensure that the die is properly installed in your reloading press before use.
- Do not exceed recommended load limits for the 26 Nosler cartridge.
- Use only compatible components with the Forster Bench Rest® Seater Dies.
- Avoid distractions while reloading to maintain focus and prevent mistakes.
- If you experience any malfunction or irregularities during use, stop immediately and inspect the die and equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Clean the reloading press and ensure it is free of debris.
- Insert the Forster Bench Rest® Seater Die into the press according to the manufacturer's instructions.
- Tighten the die securely, ensuring it is aligned properly.

### 2. Preparing for Reloading:

- Gather all necessary components, including brass cases, bullets, and powder.
- Inspect each component for damage or defects before use.

### 3. Reloading Process:

- Follow the specific reloading data for the 26 Nosler cartridge.
- Place a brass case in the die and ensure it is seated correctly.
- Insert the bullet into the case mouth and use the seating stem to push it into position.
- Check the overall length of the cartridge to ensure it meets specifications.

### 4. PostReloading:

- Inspect each completed round for any defects.
- Store reloaded ammunition in a cool, dry place, away from direct sunlight.

## **Disposal Instructions**

- Dispose of any unused or leftover reloading materials according to local regulations.
- Do not dispose of hazardous materials, such as primers or powders, in regular trash.
- Contact your local waste management facility for guidance on the proper disposal of hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Forster Bench Rest® Seater Dies, please refer to the manufacturer's website or customer service for assistance. Always ensure you have the latest safety information and updates regarding your product.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Forster Bench Rest® Seater Dies. Thank you for prioritizing safety in your reloading practices.
