# Safety Instruction Guide for BUSHING BUMP DECAPPING UNIT

## Introduction

Thank you for choosing the Bushing Bump Decapping Unit from Forster Products, Inc. This product is designed to provide a reliable replacement decapping assembly for Forster Bushing Bump Dies. To ensure safe and effective use, please read this guide carefully and follow all instructions.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Inspect the product before each use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any issues or malfunctions, discontinue use immediately and contact customer support.
- Follow local regulations regarding the disposal of unused or damaged components.

## Specific Safety Precautions for Use

- Ensure that the decapping unit is securely attached before use.
- Avoid placing your hands or any body parts near moving parts during operation.
- Use appropriate personal protective equipment (PPE), such as safety glasses, when using the decapping unit.
- Do not modify the product in any way. Unauthorized modifications may lead to unsafe conditions.
- Only use the decapping unit with compatible Forster Bushing Bump Dies.

## Instructions for Installation and Usage

### 1. Installation

- Gather all components: decap rod, spindle bushing, lock nut, and decapping pin.
- Ensure that the work area is clean and free of obstructions.
- Follow these steps to install the decapping unit:
  1. Insert the decap rod into the appropriate slot of the Bushing Bump Die.
  2. Attach the spindle bushing securely to the decap rod.
  3. Fasten the lock nut to ensure all components are tightly secured.
  4. Insert the decapping pin into the designated area, ensuring a snug fit.

### 2. Usage

- Before operating the decapping unit, confirm that all components are properly installed.
- Position the unit in a stable and secure manner to prevent tipping or falling during use.
- Apply even pressure when using the decapping unit to ensure consistent results.
- After use, clean the unit to remove any debris or residue.

## Disposal Instructions

- Dispose of the Bushing Bump Decapping Unit and its components in accordance with local waste management regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For questions or concerns regarding the Bushing Bump Decapping Unit, please refer to the manufacturer's official website or customer support channels. Ensure you have the product details ready for assistance.

By following these guidelines, you can ensure a safe and effective experience with your Bushing Bump Decapping Unit. Thank you for your attention to safety and compliance.
