# Safety Instruction Guide for Bushing Bump Decapping Units

## Introduction

Thank you for choosing the Bushing Bump Decapping Unit from Forster Products, Inc. This product is designed to enhance your reloading experience by providing a reliable and efficient decapping solution for 28 Nosler cartridges. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that you are using the Bushing Bump Decapping Unit in accordance with all applicable safety standards and regulations.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the work area clean and welllit to avoid accidents.
- Store the product in a dry, safe location away from children and pets.
- Regularly inspect the decapping unit for any signs of wear or damage before use.
- Be aware of the potential hazards associated with handling and processing ammunition components.

## Specific Safety Precautions for Use

- Only use the Bushing Bump Decapping Unit with 28 Nosler cartridges.
- Do not modify or alter the decapping unit in any way, as this may lead to unsafe conditions.
- Ensure that the decapping pin is securely in place before use to avoid injury.
- Always follow the manufacturer's instructions for installation and operation.
- If you experience any difficulties during use, cease operation immediately and consult the troubleshooting section of the product manual.
- In case of an accident or injury, seek medical attention immediately.

## Instructions for Installation and Usage

### Installation

1. **Unpack the Unit:** Carefully remove the Bushing Bump Decapping Unit from its packaging.
2. **Inspect Components:** Check that all components (decap rod, spindle bushing, lock nut, and decapping pin) are included and free from damage.
3. **Attach the Decap Rod:** Insert the decap rod into the designated slot on the decapping unit.
4. **Secure the Spindle Bushing:** Place the spindle bushing over the decap rod and tighten the lock nut to secure it in place.
5. **Insert the Decapping Pin:** Ensure the decapping pin is properly inserted and locked into position.

### Usage

1. **Prepare the Cartridge:** Ensure that the 28 Nosler cartridge is properly positioned in the reloading die.
2. **Decapping Process:** Activate the decapping unit according to your reloading press instructions. Ensure that the decapping pin makes contact with the primer.
3. **Inspect the Cartridge:** After decapping, inspect the cartridge to ensure that the primer has been removed completely.
4. **Clean the Unit:** After use, clean the decapping unit to prevent residue buildup and maintain optimal performance.

## Disposal Instructions

- Dispose of any damaged or worn components of the Bushing Bump Decapping Unit in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, contact your local waste management facility for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or additional support regarding the Bushing Bump Decapping Unit, please refer to the manufacturer's website or customer service resources. Ensure that you have the product details on hand when seeking assistance.

This safety instruction guide is designed to help you use the Bushing Bump Decapping Unit safely and effectively. Please keep this guide for future reference and share it with others who may use this product. Your safety is our priority.
