Safety Instruction Guide for Bushing Bump Decapping Units

Introduction

Thank you for choosing the Bushing Bump Decapping Unit from Forster Products, Inc. This product is designed to provide a reliable replacement decapping assembly for your Forster Bushing Bump Dies. It is important to read and understand this safety instruction guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle the Bushing Bump Decapping Unit with care to avoid personal injury.
- Ensure that you are using the product in accordance with the manufacturer's instructions.
- Keep this product out of reach of children and vulnerable individuals.
- Be aware of your surroundings when using this product to avoid accidents.
- Regularly inspect the product for any signs of wear or damage before use.
- If you experience any issues with the product, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the decapping unit.
- Ensure that the work area is clean and welllit to prevent accidents.
- Do not use the decapping unit for any purpose other than its intended use as specified by the manufacturer.
- Avoid using excessive force when operating the decapping unit to minimize the risk of injury or damage.
- If you are not familiar with the operation of the decapping unit, seek guidance from an experienced user or professional.

Instructions for Installation and Usage

1. Installation:

- Gather all necessary components: decap rod, spindle bushing, lock nut, and decapping pin.
- Ensure that your Bushing Bump Die is clean and free from debris.
- Insert the decap rod into the die body.
- Attach the spindle bushing securely to the die.
- Fasten the lock nut to hold the assembly in place.
- Insert the decapping pin into the appropriate position and secure it.

2. Usage:

- Before using the decapping unit, ensure that it is properly installed and secured.
- Load the cartridge (26 Nosler) into the die as per standard reloading practices.
- Operate the decapping unit with steady and controlled movements.
- After use, remove the cartridge and inspect the decapping pin for any signs of wear or damage.

Disposal Instructions

- Dispose of any damaged or worn components of the Bushing Bump Decapping Unit in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, follow recycling guidelines or take it to a designated disposal facility.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Bushing Bump Decapping Unit, please refer to the contact information provided by the manufacturer.

This guide is designed to ensure your safety and the safe operation of the Bushing Bump Decapping Unit. By following these instructions, you can help prevent accidents and ensure a successful reloading experience. Thank you for your attention to these important safety instructions.
