

# BUSHING BUMP NECK DIE KITS - FORSTER PRODUCTS, INC. 6MM CREEDMOOR BUSHING BUMP NECK DIE KIT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Thanks to the Forster Bushing Bump Neck Die Kits, precision reloaders can now finely control the amount of tension put on the necks of their cartridges. Each of these sizing-die kits includes a hand-polished sizing die that perfectly matches the caliber of your firearm, as well as three hand-selected bushing sizes that are picked by Forster staff themselves. Each of the bushings are finely machined to a smooth internal finish. Available calibers in the Forster Bushing Bump Neck Die Kits are .284 Winchester, 6.8 SPC and 6mm Creedmoor.

# Bushing Bump Neck Die Kit Safety Instruction Guide

## Introduction

Thank you for purchasing the Forster Bushing Bump Neck Die Kit for the 6mm Creedmoor. This guide provides essential safety information and instructions for the proper use and maintenance of your die kit. Please read this manual carefully to ensure safe and effective use.

## General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Keep the die kit out of reach of children and unauthorized users.
- Only use the die kit with compatible cartridges as specified in the product description.
- Inspect the die kit for any signs of damage before use.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Be aware of your surroundings when reloading to avoid accidents.

## Specific Safety Precautions for Use

- Ensure that the workspace is clean, dry, and welllit.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die kit.
- Do not attempt to modify the die kit or use it for any purpose other than its intended use.
- Avoid distractions while reloading to maintain focus and accuracy.
- Always doublecheck measurements and settings before proceeding with reloading.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure your reloading press is securely mounted and stable.
- Gather all necessary tools and materials before starting the reloading process.

### 2. Installing the Sizing Die:

- Remove the die from its packaging and inspect for any damage.
- Thread the sizing die into the reloading press until it is snug. Do not overtighten.
- Insert the selected bushing into the die, ensuring it is seated correctly.

### 3. Reloading Process:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Lubricate the cases lightly to prevent sticking.
- Insert a brass case into the shell holder of the reloading press.
- Pull the handle of the press to size the case. Ensure the die is adjusted to the desired neck tension.
- Repeat for all cases, checking each one for proper sizing.

### 4. Final Inspection:

- After sizing, inspect each case for uniformity and check for any signs of damage.
- Properly store the die kit and bushings in a safe location after use.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular trash. Follow guidelines for hazardous waste disposal where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the Forster Bushing Bump Neck Die Kit, please reach out to the designated support contact listed in your product documentation.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Forster Bushing Bump Neck Die Kit. Always prioritize safety and take the necessary precautions to protect yourself and others while reloading.

Thank you for choosing Forster Products, Inc. Enjoy your reloading!
