

FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 224 VALKYRIE FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

Attributes

Safety Instruction Guide for Forster Products, Inc. 224 Valkyrie Full Length Sizing Die

Introduction

Thank you for choosing the Forster Products, Inc. 224 Valkyrie Full Length Sizing Die. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read and follow these instructions carefully to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Ensure that you are familiar with all safety procedures related to reloading ammunition.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the die and all reloading components in a safe place, away from children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Never use the die for any purpose other than its intended use.

Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for reloading ammunition.
- Ensure that the die is securely mounted in a reloading press before use.
- Do not exceed the recommended load data for the 224 Valkyrie cartridge.
- Avoid wearing loose clothing or jewelry that can become caught in the equipment.
- Do not attempt to modify or repair the die; contact the manufacturer for assistance.
- In case of any malfunction or unusual behavior during use, stop immediately and inspect the die.

Instructions for Installation and Usage

1. Installation:

- Securely attach the Forster Full Length Sizing Die to your reloading press according to the manufacturer's instructions.
- Ensure that the die is aligned properly and tightened to prevent movement during operation.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Insert the case into the die and ensure it is properly positioned.
- Use the EZ Out Expander button to expand the neck of the case, ensuring that it is concentric.
- Withdraw the case from the die carefully to avoid damaging the neck or case.
- Repeat the process for each case as needed.

Disposal Instructions

- Dispose of any spent primers, powder, or other reloading materials in accordance with local regulations.
- Do not dispose of the die in regular household waste. Contact your local waste disposal authority for proper disposal methods.
- Ensure that all components of the reloading process are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the Forster Products, Inc. 224 Valkyrie Full Length Sizing Die, please refer to the manufacturer's website or customer support resources for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Die. Thank you for prioritizing safety and quality in your reloading practices.
