## BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

### Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5 PRC BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319000097

# **BENCH REST® SEATER DIES FORSTER PRODUCTS, INC. Safety Instruction Guide**

## **Introduction**

Thank you for choosing the BENCH REST® SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your reloading die. Please read this document thoroughly before use.

## **General Safety Guidelines**

- Ensure that you are familiar with all safety precautions related to reloading ammunition.
- Always use the BENCH REST® SEATER DIES in a wellventilated area.
- Keep the work area clean and organized to prevent accidents.
- Store all reloading supplies, including dies and components, out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including eye protection and gloves, when handling reloading materials.
- Be aware of the legal requirements for ammunition reloading in your area.

## **Specific Safety Precautions for Use**

- Read and understand the instructions provided with your reloading equipment before use.
- Check the dies for any signs of damage or wear before each use. Do not use damaged dies.
- Ensure that the die is properly installed in your reloading press before beginning the reloading process.
- Use only the specified cartridge (6.5 PRC) with the BENCH REST® SEATER DIES.
- Do not exceed the recommended load specifications for your ammunition.
- Always doublecheck your measurements and settings before commencing reloading.
- Avoid distractions while reloading to maintain focus on the task.
- If you experience any malfunctions or issues while using the dies, stop immediately and seek assistance.

## **Instructions for Installation and Usage**

### **1. Installation**

- Securely mount the BENCH REST® SEATER DIE into your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to avoid any movement during operation.

### **2. Usage**

- Prepare your cases and bullets according to standard reloading practices.
- Insert the case into the die, ensuring it is seated correctly.
- Place the bullet onto the case mouth and adjust the seating stem as necessary.
- Operate the reloading press smoothly and steadily to seat the bullet.
- Inspect each round for proper seating and alignment before proceeding to the next.

## **Disposal Instructions**

- Dispose of any used or damaged reloading materials and components in accordance with local regulations.
- Do not discard any reloading materials in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please reach out to the designated contact point in your region. Ensure that you have the product details and any relevant information ready for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your BENCH REST® SEATER DIES. Thank you for prioritizing safety in your reloading practices.
