M98 Triggerguard Lock Screws Safety Instruction Guide

Introduction

Thank you for purchasing the M98 Triggerguard Lock Screws from Forster Products, Inc. This guide provides important safety information and instructions for the proper use and installation of this product. Please read this guide carefully to ensure safe and effective use.

General Safety Guidelines

- **Product Safety:** Ensure that the M98 Triggerguard Lock Screws are used as intended to avoid any potential hazards.
- **Enhanced Recalls:** Stay informed about any product recalls. Check the EU Safety Gate platform for updates.
- **Online Shopping Safety:** If purchased online, ensure the retailer complies with safety standards.
- **Vulnerable Groups:** Extra care should be taken if the product is used by or around children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for this product.
- **Rapid Alerts:** Be aware of updates regarding the safety of this product through the Safety Gate system.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to malfunction.
 - Use of incorrect tools could result in damage or injury.
- **Avoiding Hazards:**
 - Always use the correct tools specified for installation.
 - Ensure that screws are tightened properly to prevent loosening during use.
 - Do not modify the screws in any way, as this could compromise safety.
- **AgeSpecific Warnings:**
 - This product is not a toy and should be kept out of reach of children.
 - Only individuals who are knowledgeable about firearm assembly should handle these screws.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a screwdriver suitable for slotted head screws.
- Ensure the firearm is unloaded and in a safe condition before beginning installation.

2. Installation Steps:

- **Front Screw:**
 - Locate the triggerguard area on your firearm.
 - Insert the front screw into the designated hole.

- Tighten the screw to a snug fit, ensuring the 90° relief is correctly positioned.
 - **Rear Screw:**
 - Locate the rear screw hole adjacent to the triggerguard.
 - Insert the rear screw into the hole.
 - Tighten the screw, ensuring the 60° head relief is properly aligned.
- 3. PostInstallation Check:**
- Verify that both screws are securely tightened and that there is no movement in the triggerguard.
 - Conduct a function check of the firearm to ensure proper operation.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the M98 Triggerguard Lock Screws, please refer to the designated EU contact point for this product.
