Inletting Guide Screws Safety Instructions

Introduction

Thank you for choosing the Inletting Guide Screws from Forster Products, Inc. This product is designed to assist you in the installation and removal of barreled actions in and out of stock efficiently and safely. Please read this safety instruction guide carefully to ensure proper use and to minimize any risks associated with the product.

General Safety Guidelines

- Always ensure the workspace is clean and free of clutter to avoid accidents during installation or removal.
- Inspect the guide screws for any signs of damage or wear before each use. Do not use damaged screws.
- Keep the guide screws out of reach of children and vulnerable individuals to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Be aware of your surroundings and ensure no one is in the immediate area during use to avoid injury.

Specific Safety Precautions for Use

- Do not overtighten the screws, as this may cause damage to the stock or the barreled action.
- Always use the guide screws only for their intended purpose as described in this manual.
- If you experience resistance while inserting or removing the barreled action, stop immediately and assess the situation. Do not force the action.
- Ensure that the guide screws are fully seated before attempting to remove or insert the barreled action.
- If you notice any unusual sounds or difficulty while using the screws, discontinue use and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and ensure you have a clean workspace.
- Inspect the Inletting Guide Screws for any visible defects.

2. Installation:

- Align the barreled action with the stock.
- Insert the guide screws into the predrilled holes in the stock, ensuring they are straight and secure.
- Gently handtighten the screws until they are snug, but do not overtighten.

3. Usage:

- Once the guide screws are in place, carefully insert the barreled action into the stock.
- Ensure that the action is properly aligned with the stock and seated correctly.
- To remove the barreled action, carefully unscrew the guide screws and lift the action out of the stock.

4. PostUse:

- After use, inspect the guide screws for any damage or wear.
- Store the guide screws in a safe and dry location, away from children and pets.

Disposal Instructions

- Dispose of any damaged or worn guide screws in accordance with local regulations.
- Do not dispose of the guide screws in regular household waste. Check for local recycling programs or hazardous waste disposal sites.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Inletting Guide Screws, please refer to your local distributor or manufacturer's website for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the Inletting Guide Screws. Remember to always prioritize safety and seek professional guidance if you are unsure about any aspect of the installation or usage process. Thank you for your attention to these important safety guidelines.
