## Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 30 M1 CARBINE GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319418120
- Mfr. No.: HG0030G
- Cartridge: 30 Carbine
- Colour: Steel
- Height: 0.327"
- Length: 1.29"
- Material: Steel
- Model Number: 30 M1 Carbine GO
- Style: Go Gauge
- Weight: 0.041 lbs

- Width: 0.327"
- Delivery weight: 0.018kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 757253004209

# Safety Instruction Guide for HEADSPACE GAUGES FORSTER PRODUCTS, INC. 30 M1 CARBINE GO GAUGE HEADSPACE GAUGE STEEL

## Introduction

Thank you for choosing the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 30 M1 CARBINE GO GAUGE HEADSPACE GAUGE STEEL. This guide provides essential safety instructions and information for the proper use of this product in accordance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to ensure safe handling and usage.

## General Safety Guidelines

- **Product Safety:** This gauge is designed for safe use in measuring the headspace of firearms. Follow all guidelines to prevent accidents.
- **Enhanced Recalls:** In case of any safety issues, be aware that standardized recall notices may be issued. Always check for product recalls.
- **Online Shopping:** Whether purchased online or instore, this product meets safety requirements for consumer protection.
- **Special Consumer Focus:** Extra care should be taken when this product is used by individuals who may not be familiar with firearms, including children.
- **EU Contact Point:** For any safety inquiries, there is an EUbased contact available.
- **Rapid Alerts:** Stay informed about any safety alerts related to this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before using the gauge.
- Use the gauge only for its intended purpose—measuring headspace in the specified caliber.
- Check the gauge for any signs of damage before use. Do not use a damaged gauge.
- Store the gauge in a safe place away from children and unauthorized users.
- Do not expose the gauge to extreme temperatures or moisture.
- Follow all local laws and regulations regarding firearms and ammunition.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Clean the chamber of the rifle to remove any debris or obstructions.

### 2. Using the Gauge:

- Insert the GO gauge into the chamber of the rifle.
- Ensure that the gauge fits snugly without excessive force. If it does not fit, do not attempt to force it.
- Check the fit of the gauge to determine if the headspace is within safe limits.
- If the gauge does not fit, consult a qualified gunsmith for further evaluation.

### 3. PostUse:

- Remove the gauge from the chamber carefully.

- Clean the gauge after use to maintain its accuracy and longevity.
- Store the gauge in its designated case or safe location.

## **Disposal Instructions**

- Dispose of the gauge in accordance with local regulations.
- If the gauge is damaged or no longer functional, contact a local waste management facility for proper disposal methods.
- Do not dispose of the gauge in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of this product, please refer to the contact information provided with your product packaging or consult your local firearms authority.

By following these safety instructions, you can ensure a safe and effective experience with the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 30 M1 CARBINE GO GAUGE HEADSPACE GAUGE STEEL. Thank you for your attention to safety.
