Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [FORSTER PRODUCTS, INC. 8X57MM MAUSER GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319418150
- Mfr. No.: HG8X57G
- Cartridge: 8 mm Mauser (8 x 57 mm Mauser)
- Colour: Steel
- Height: 0.469"
- Length: 1.874"
- Material: Steel
- Model Number: 8x57mm Mauser GO
- Style: Go Gauge
- Weight: 0.103 lbs

- Width: 0.469"
- Delivery weight: 0.045kg
- Shipping height: 13mm
- Shipping width: 69mm
- Shipping length: 56mm
- UPC: 757253004698

Safety Instruction Guide for HEADSPACE GAUGES

Introduction

Thank you for choosing the HEADSPACE GAUGES from Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of your headspace gauge. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Always ensure that your headspace gauge is used in accordance with the instructions provided. The gauge is designed for accurate measurement and testing of rifle chambers.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. In the event of a recall, follow the instructions provided for safe return or remedy.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety standards. Verify that the product is genuine and free from defects.
- **Special Consumer Focus:** This product is intended for use by adults. Keep out of reach of children to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU contact point.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates regarding unsafe products.

Specific Safety Precautions for Use

- **Proper Measurement:** Always use the gauge in a welllit area and ensure that you can see the measurements clearly.
- **Inspect Before Use:** Check the gauge for any signs of damage or wear before each use. Do not use if damaged.
- **Handling:** Handle the gauge with care. Avoid dropping or striking it against hard surfaces.
- **Calibration:** Ensure that the gauge is calibrated according to the manufacturer's specifications before use.
- **Avoid Force:** Do not force the gauge into the chamber. It should fit snugly without excessive pressure.
- **Follow Instructions:** Always follow the specific instructions for your rifle model and caliber when using the gauge.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and in a safe condition before beginning.
- Gather necessary tools and materials, including the headspace gauge.

2. Using the Gauge:

- Insert the gauge into the chamber of the rifle.
- Gently push the gauge until it is fully seated. Do not apply excessive force.
- Check the measurement reading. For the Forster Go Gauge, ensure it meets the specifications for your rifle caliber.

3. PostUse Care:

- Remove the gauge carefully from the chamber.
- Clean the gauge with a soft cloth to remove any debris or residue.
- Store the gauge in a safe and dry place to prevent damage.

4. Regular Checks:

- Regularly check the gauge for accuracy and condition, especially if used frequently.

Disposal Instructions

- Dispose of the headspace gauge responsibly. If the gauge is damaged or no longer usable, do not dispose of it with regular household waste.
- Follow local regulations for the disposal of metal products.
- Consider recycling options available in your area.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage of the HEADSPACE GAUGES, please refer to the appropriate EU contact point or your retailer.

Thank you for your attention to these safety instructions. Your safety and the proper use of this product are of utmost importance.
