## Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 8X57MM MAUSER FIELD GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319418152
- Mfr. No.: HG8X57F
- Cartridge: 8 mm Mauser (8 x 57 mm Mauser)
- Colour: Steel
- Height: 0.469"
- Length: 1.884"
- Material: Steel
- Model Number: 8x57mm Mauser Field
- Style: Field Gauge
- Weight: 0.103 lbs

- Width: 0.469"
- Delivery weight: 0.023kg
- Shipping height: 8mm
- Shipping width: 76mm
- Shipping length: 61mm
- UPC: 757253004681

# **Safety Instruction Guide for HEADSPACE GAUGES FORSTER PRODUCTS, INC. 8X57MM MAUSER FIELD GAUGE**

## **Introduction**

Thank you for choosing the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 8X57MM MAUSER FIELD GAUGE. This guide provides essential safety instructions to ensure the safe and effective use of your headspace gauge. Please read this document carefully before use to understand how to operate the product safely and responsibly.

## **General Safety Guidelines**

- Ensure that the gauge is used only for its intended purpose.
- Always check the headspace before firing a used firearm.
- Follow all manufacturer instructions and recommendations.
- Keep the gauge out of reach of children and vulnerable individuals.
- Regularly inspect the gauge for signs of wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Always wear appropriate eye protection when measuring headspace.
- Handle the gauge with care to avoid dropping or damaging it.
- Do not attempt to modify or alter the gauge in any way.
- Ensure the firearm is unloaded before measuring headspace.
- Use the gauge in a welllit and clean environment to avoid accidents.
- If unsure about the gauge's function or condition, consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and materials for the measurement.

### **2. Using the Gauge:**

- Insert the headspace gauge into the chamber of the firearm.
- Gently close the bolt to ensure the gauge is seated properly.
- Check for resistance; the gauge should not be forced into the chamber.
- If the gauge does not fit, it indicates that the headspace is too tight.
- If the gauge fits but does not allow the bolt to close completely, it indicates a safe headspace.
- If the bolt closes easily, it indicates that the headspace is too loose.

### **3. PostMeasurement:**

- Carefully remove the gauge from the chamber after measurement.
- Clean the gauge after use to maintain its accuracy and longevity.

## **Disposal Instructions**

- Dispose of the gauge according to local regulations for metal products.
- Do not dispose of the gauge in regular household waste.
- If the gauge is damaged or no longer usable, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 8X57MM MAUSER FIELD GAUGE, please refer to the manufacturer's website or your point of purchase for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on the proper usage of this product.
