Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [FORSTER PRODUCTS, INC. 30-30 WINCHESTER NO-GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319418221
- Mfr. No.: BG3030N
- Cartridge: 30-30 Winchester, 22 Savage High Power, 219 Donaldson Wasp, 219 Zipper, 32 Winchester Special, 25-35 Winchester, 7-30 Waters, 30 Herrett, 303 Savage, 307 Winchester, 32-40 Winchester, 356 Winchester, 375 Win

Safety Instruction Guide for HEADSPACE GAUGES

Introduction

Thank you for choosing the HEADSPACE GAUGE from FORSTER PRODUCTS, INC. This product is essential for accurately measuring and testing the length of the chamber of your rifle. Proper use of this gauge ensures a tight, accurate, and safe chamber, especially when chambering a new barrel or checking a used firearm before firing.

This safety instruction guide is designed to help you understand the safe use of this product, in compliance with the EU General Product Safety Regulation (GPSR). Please read the instructions carefully to ensure your safety and the proper functioning of your equipment.

General Safety Guidelines

- Ensure that the HEADSPACE GAUGE is used only for its intended purpose, which is to measure the headspace of specific rifle cartridges.
- Always check the gauge for any signs of damage or wear before use. Do not use a damaged gauge.
- Keep the gauge out of reach of children and unauthorized users.
- Use the gauge in a welllit and safe environment to avoid accidents.
- Follow all local laws and regulations regarding firearms and ammunition.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check the EU's Safety Gate platform for recall updates.

Specific Safety Precautions for Use

- **Before Use:**

- Inspect the gauge to ensure it is clean and free from debris.
- Familiarize yourself with the specific cartridge types that this gauge is designed for, including but not limited to:
 - 3030 Winchester
 - 219 Zipper
 - 2535 Winchester
 - 730 Waters
 - 30 Herrett
 - 32 Winchester Special
 - 3240 Winchester
 - 356 Winchester
 - 303 Savage
 - 307 Winchester
 - 219 Donaldson Wasp
 - 22 Savage High Power
 - 375 Win

- **During Use:**

- Always handle the gauge with care, avoiding any excessive force that could cause damage.
- Ensure that the rifle is unloaded and pointed in a safe direction before using the gauge.
- Do not attempt to measure the headspace of a chamber that is not compatible with the gauge.

- **After Use:**

- Clean the gauge after each use to maintain its accuracy and longevity.

- Store the gauge in a safe, dry place, away from children.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the correct HEADSPACE GAUGE for your specific cartridge.
- Gather all necessary tools and materials, including a clean workspace.

2. Measuring Headspace:

- Insert the gauge into the chamber of the rifle.
- Ensure that the gauge fits snugly and that there is no excessive force required.
- Check the reading on the gauge to determine the headspace measurement.
- If the gauge does not fit correctly, do not force it. This may indicate a problem with the chamber.

3. PostMeasurement:

- Remove the gauge carefully from the chamber.
- Clean the gauge as needed to remove any residue.
- Record the measurement for future reference.

4. Safety Checks:

- Always doublecheck the headspace measurement before chambering a new barrel or firing a used firearm.

Disposal Instructions

- Dispose of the HEADSPACE GAUGE in accordance with local regulations regarding metal and steel waste.
- Do not dispose of the gauge in regular household waste.
- If the gauge is damaged beyond use, ensure it is recycled or disposed of safely.

Contact Information for Further Support

For any questions or concerns regarding the HEADSPACE GAUGE, please refer to the manufacturer's contact details provided on the packaging or product documentation.

By following these safety instructions, you can ensure the safe and effective use of your HEADSPACE GAUGE. Always prioritize safety and compliance with local regulations when handling firearms and related equipment. Thank you for your attention to these important guidelines.
