Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [FORSTER PRODUCTS, INC. 30-40 Krag NO-GO Gauge Headspace Gauge Steel](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319418231
- Mfr. No.: BG3040N
- Cartridge: 30-40 Krag
- Colour: Steel
- Height: 0.44"
- Length: 1.19"
- Material: Steel
- Model Number: 30-40 Krag NO GO
- Style: No Go Gauge
- Weight: 0.077 lbs

- Width: 0.44"
- Delivery weight: 0.032kg
- Shipping height: 23mm
- Shipping width: 58mm
- Shipping length: 23mm
- UPC: 757253002915

Safety Instruction Guide for Forster Products, Inc.

3040 Krag NoGo Gauge

Introduction

Thank you for choosing the Forster Products, Inc. 3040 Krag NoGo Gauge. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this manual carefully before using the gauge to avoid potential hazards.

General Safety Guidelines

- **Product Safety:** This gauge is designed to meet safety standards and should only be used for its intended purpose.
- **Enhanced Recalls:** In the event of a product recall, you will be notified via standardized notices. Ensure you have access to recall information.
- **Online Shopping:** If purchased online, the product must meet the same safety standards as those sold in physical stores.
- **Special Consumer Focus:** Extra care should be taken if the product is used by individuals who may be vulnerable, such as inexperienced users.
- **EU Contact Point:** For any safety inquiries regarding this product, please consult the designated EU contact point.
- **Rapid Alerts:** Stay informed about any safety updates or alerts regarding this product through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Always check the headspace:** Before firing a used gun, it is crucial to measure and verify the headspace using the NoGo gauge.
- **Handle with care:** The gauge is made of machined steel and should be handled carefully to prevent damage or injury.
- **Use appropriate protective equipment:** When using the gauge, wear safety glasses to protect your eyes from potential debris.
- **Keep out of reach of children:** This product is not intended for use by individuals under the age of 18 without supervision.
- **Store properly:** After use, store the gauge in a secure location to prevent accidental injury or misuse.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction before beginning any measurements.
- Gather necessary tools and ensure a clean working environment.

2. Using the NoGo Gauge:

- Insert the NoGo gauge into the chamber of the rifle.
- If the bolt closes fully, the chamber is unsafe for use and requires adjustment or replacement.
- If the bolt does not close, the chamber is within acceptable limits.

3. PostMeasurement:

- Remove the gauge from the chamber carefully.
- Clean the gauge after use to maintain its accuracy and longevity.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the NoGo gauge in accordance with local regulations for metal waste.
- **Do not incinerate:** Do not burn the gauge as it may release harmful substances.
- **Recycling:** If possible, recycle the gauge at a facility that accepts metal products.

Contact Information for Further Support

For safety inquiries or further assistance regarding the Forster Products, Inc. 3040 Krag NoGo Gauge, please consult the designated EU contact point or your product retailer.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your equipment are our top priorities.
