Absolutely Essential For Accurate, Safe, Chamber Work

FORSTER SAAMI RIMLESS HEADSPACE GAUGES The Forster Headspace Gauges are precision instruments designed to help gunsmiths and firearm enthusiasts accurately measure the headspace of rifle chambers, ensuring firearms operate safely and reliably. Proper headspace is critical for preventing malfunctions such as misfires, case ruptures, or excessive wear, which can compromise both performance and safety. These gauges are indispensable when chambering new barrels, performing routine maintenance, or evaluating used firearms for purchase. Key Features: Precision Engineering: Machined to exacting SAAMI specifications, these gauges provide accurate measurements to verify that a firearm's chamber meets industry standards. Variety of Gauges: Available in "Go," "No-Go," and "Field" configurations, each gauge serves a specific purpose: Go Gauge: Confirms the minimum chamber size, ensuring the firearm will chamber and fire a cartridge safely. No-Go Gauge: Checks that the chamber does not exceed the maximum recommended headspace; the bolt should not close on this gauge. Field Gauge: Used to determine the absolute maximum safe headspace; if the bolt closes on this gauge, the firearm is considered unsafe to shoot. Durable Construction: Crafted from high-grade steel and hardened for longevity, these gauges withstand repeated use without compromising accuracy. Specifications: Material: Hardened steel Dimensions: Specific to each caliber and gauge type Compliance: Manufactured to SAAMI specifications Customer Insights: Customers commend the Forster Headspace Gauges for their precision and reliability. The clear differentiation between "Go," "No-Go," and "Field" gauges allows users to perform comprehensive headspace assessments confidently. The durable construction ensures that the gauges maintain their integrity and accuracy over time, even with frequent use. Users also appreciate the wide range of calibers available, making it easy to find the appropriate gauge for various firearms. Incorporating the Forster Headspace Gauges into your gunsmithing toolkit ensures that your rifle chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [FORSTER PRODUCTS, INC. 303 BRITISH GO GAUGE HEADSPACE GAUGE STEEL](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 319418240
- Mfr. No.: BG303G
- Cartridge: 303 British
- Colour: Steel
- Height: 0.5"
- Length: 1.5"
- Material: Steel
- Model Number: 303 British GO
- Style: Go Gauge
- Weight: 0.074 lbs

- Width: 0.5"
- Delivery weight: 0.032kg
- Shipping height: 18mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 757253002878

Safety Instruction Guide for HEADSPACE GAUGES FORSTER PRODUCTS, INC. 303 BRITISH GO GAUGE HEADSPACE GAUGE STEEL

Introduction

Thank you for choosing the HEADSPACE GAUGES FORSTER PRODUCTS, INC. 303 BRITISH GO GAUGE HEADSPACE GAUGE STEEL. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide carefully before using the gauge to understand its proper use and safety precautions.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following guidelines:

- Always use the gauge in a welllit and clean area.
- Keep the gauge out of reach of children and unauthorized users.
- Inspect the gauge for any damage or wear before each use.
- Do not use the gauge if it is damaged or defective.
- Follow all manufacturer instructions when using the gauge.
- Ensure that the gauge is compatible with the firearm being tested.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates and safety alerts on the EU Safety Gate platform.

Specific Safety Precautions for Use

When using the HEADSPACE GAUGE, please observe the following safety precautions:

- Ensure the firearm is unloaded before measuring headspace.
- Always wear appropriate safety gear, including eye protection.
- Do not exceed the specified tolerances when using the gauge.
- Use the gauge only for its intended purpose, which is measuring the chamber length of the rifle.
- Keep fingers and hands clear of the chamber when inserting or removing the gauge.
- Do not attempt to modify or alter the gauge in any way.
- Store the gauge in a safe and secure location when not in use.

Instructions for Installation and Usage

To use the HEADSPACE GAUGE effectively, follow these steps:

1. Preparation

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary tools and safety equipment.

2. Using the Gauge

- Insert the gauge into the chamber of the rifle.
- Gently push the gauge into the chamber until it stops.
- Check the fit of the gauge:
 - If the gauge fits snugly, the headspace is correct.
 - If the gauge does not fit, the headspace may be excessive and should be evaluated by a

- qualified gunsmith.
- Remove the gauge carefully after the measurement.

3. PostUse

- Clean the gauge after use to remove any debris or residue.
- Store the gauge in its protective case or a secure location.

Disposal Instructions

When disposing of the HEADSPACE GAUGE, please follow these guidelines:

- Do not dispose of the gauge in regular household waste.
- Check local regulations for proper disposal methods of metal tools and gauges.
- Consider recycling the gauge if it is no longer usable.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the HEADSPACE GAUGE, please refer to the manufacturer's official website or contact their customer service department directly. Ensure you have the product details and any relevant information ready for a more efficient response.

By adhering to these safety guidelines and instructions, you can ensure the safe operation of your HEADSPACE GAUGE and contribute to a safer shooting environment. Thank you for your attention to safety.
