

SATIN-GLO POLISHING COMPOUND - 100 FORMAX SATIN-GLO

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Compounds](#)

Greaseless Compound For Effortless Polishing

Loads quickly and produces a smooth, great looking finish without a lot of hard work. Uniform, aluminum oxide abrasive in a water-soluble, glue base removes machine marks, pits, and surface imperfections in all types of steel, leaves the parts clean, dry, and ready to complete your favorite finish. Conveniently packed in three pound, re-sealable tubes. For best results, store unused portions of tubes in the refrigerator.

SATINGLO POLISHING COMPOUND 100 FORMAX

SATINGLO Safety Instruction Guide

Introduction

Thank you for choosing SATINGLO POLISHING COMPOUND 100 FORMAX SATINGLO. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- Always use this product in a wellventilated area to avoid inhaling dust or fumes.
- Keep the product away from children and pets.
- Avoid contact with eyes and skin. If contact occurs, rinse immediately with plenty of water.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Store the product in a cool, dry place, preferably in the refrigerator if unused.
- Check for any signs of damage to the packaging before use. Do not use if the packaging is compromised.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as gloves, goggles, and a dust mask when using the product.
- Ensure that the work area is clean and free of any flammable materials.
- Do not mix with other chemicals or products unless specified by the manufacturer.
- If you experience any adverse reactions such as dizziness, nausea, or respiratory issues, discontinue use immediately and seek fresh air.
- Follow all manufacturer instructions regarding the application and usage of the product to avoid accidents.

Instructions for Installation and Usage

1. Preparation:

- Ensure the surface to be polished is clean and free from debris.
- Shake the tube well before use to ensure the compound is evenly mixed.

2. Application:

- Squeeze a small amount of SATINGLO POLISHING COMPOUND onto a clean, dry cloth or polishing pad.
- Apply the compound to the surface in a circular motion, applying light pressure.
- For best results, work in small sections at a time.

3. Finishing:

- After polishing, wipe the surface with a clean, dry cloth to remove any excess compound.
- Inspect the surface for a smooth finish. If necessary, repeat the application for areas that require additional polishing.

4. Storage:

- After use, ensure the cap is tightly sealed and store the tube in an upright position.
- Keep unused portions in the refrigerator to maintain product integrity.

Disposal Instructions

- Dispose of any unused product and empty tubes in accordance with local regulations.
- Do not pour leftover product down the drain or into the environment.
- Always check for any specific disposal guidelines provided by local waste management authorities.

Contact Information for Further Support

For any safety inquiries or concerns regarding SATINGLO POLISHING COMPOUND 100 FORMAX SATINGLO, please reach out to the manufacturer or authorized distributor.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using SATINGLO POLISHING COMPOUND!
