

# PICATINNY BIPOD ADAPTER - GG&G PICATINNY BIPOD ADAPTER

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipod Accessories](#)

## Mounts Harris Bipods & Other Stud-Mounted Accessories To Railed Forearm

Bolt-on, low-profile adapter clamps to the Picatinny rail on the underside of a tactical rifle's forearm to allow mounting of a swivel stud-mounted bipod. Expands the accessory mounting versatility of your rifle without requiring permanent alterations to the weapon. Cross-bolt and locking bar mechanism provides secure rail engagement, even on worn or undersize rails. Radiused edges, counter-sunk bolt head, and locking bar recessed into the mount body give a smooth, streamlined profile and help resist catching on sling, vegetation, or other gear. Precision machined from solid 6061 T6 aluminum billet and Type III hardcoat anodized for extra strength and corrosion resistance, with a hard, non-reflective surface. Locking bar, cross-bolt, and stud are steel for maximum strength and durability.

## Attributes

- Name: [GG&G PICATINNY BIPOD ADAPTER](#)
- Manufacturer: [GG&G](#)
- Product no.: 336000028

# PICATINNY BIPOD ADAPTER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the GG&G Picatinny Bipod Adapter. This guide provides essential safety instructions to ensure the safe and effective use of your adapter. Please read this document carefully to understand how to use the product safely and responsibly.

## General Safety Guidelines

- Ensure that the adapter is compatible with your rifle's Picatinny rail before installation.
- Always inspect the adapter for damage or wear before each use.
- Use the adapter only as intended; do not modify or alter it in any way.
- Keep the adapter and all related equipment out of reach of children.
- Always follow local laws and regulations regarding firearm accessories.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Avoid using the adapter if it shows signs of damage, such as cracks or excessive wear.
- Ensure that the locking bar and crossbolt are securely tightened before use to prevent accidental detachment.
- Do not exceed the manufacturer's specified weight limit for the bipod mounted on the adapter.
- Use caution when handling firearms. Always treat every firearm as if it is loaded.
- Always wear appropriate eye and ear protection when using firearms.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Clean the Picatinny rail area where the adapter will be mounted.
- Align the adapter with the Picatinny rail on the underside of the rifle's forearm.
- Slide the adapter onto the rail until it is in the desired position.
- Secure the adapter by tightening the crossbolt using the appropriate tool.
- Ensure the locking bar is engaged to provide additional security.

### 2. Usage:

- Once the adapter is securely installed, attach the swivel studmounted bipod according to the bipod manufacturer's instructions.
- Before using the bipod, ensure it is securely attached to the adapter.
- Test the stability of the bipod by applying pressure gently before relying on it during use.
- Regularly check the tightness of the adapter and bipod during use, especially after extended periods.

## Disposal Instructions

- Dispose of the adapter in accordance with local regulations for metal recycling.
- If the adapter is damaged beyond use, ensure it is disposed of in a manner that prevents accidental injury to others.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage, please consult the product manual or contact the retailer from whom you purchased the adapter.

Thank you for following these safety instructions. Your safety is our priority. Enjoy using your GG&G Picatinny Bipod Adapter responsibly.
