

M1A SCOUT SCOPE MOUNT - GG&G M1A SCOUT SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The GG&G M1A Scout Scope Mount is perfect for setting up your rifle with a red dot scope or long eye relief magnified scope. It easily installs in the cutout of the upper factory handguard. We cut a large channel in the rail so that the iron sights could be used with the scope in place. Check out all of the specifications below. Specifically designed for the M1A "Scout Squad" or "SOCOM 16", with cutout factory top handguard. Easy installation. Low profile design. No modifications to your weapon are required. Center channel reduces weight and allows for the use of the factory iron sights. Clamps to the barrel for maximum stability and accuracy with 8 clamping screws vs. the factory 6 screws. Provides 7 inches of MIL-STD 1913 "Picatinny" rail. Extends rearward to the front of the receiver for mounting "Scout" style scopes.

Attributes

GG&G M1A Scout Scope Mount Safety Instructions

Introduction

Thank you for choosing the GG&G M1A Scout Scope Mount. This product is designed to enhance your shooting experience by providing a stable platform for mounting scopes on your M1A rifle. To ensure safe and effective use of this product, please read and follow the instructions and safety guidelines outlined in this document.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or adjusting the scope mount.
- Familiarize yourself with the operation of your rifle and scope before use.
- Use this product only with the specified M1A models: "Scout Squad" or "SOCOM 16".
- Keep the scope mount and the area around it clean and free of obstructions.
- Store the scope mount in a cool, dry place when not in use.
- Regularly inspect the mount for signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm usage and safety.

Specific Safety Precautions for Use

- Ensure that all screws are properly tightened before using the mount to prevent any movement during firing.
- Do not exceed the manufacturer's recommended weight limit for mounted scopes.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always wear appropriate eye and ear protection when using firearms.
- Do not modify the scope mount or your firearm in any way that could compromise safety.

Instructions for Installation and Usage

Installation

1. Preparation

- Ensure your rifle is unloaded and pointed in a safe direction.
- Gather all necessary tools, including a screwdriver suitable for the clamping screws.

2. Mounting the Scope

- Locate the cutout on the upper factory handguard of your M1A rifle.
- Align the GG&G M1A Scout Scope Mount with the cutout.
- Insert the mount into the cutout, ensuring a snug fit.

3. Securing the Mount

- Use the provided 8 clamping screws to secure the mount to the barrel.
- Tighten each screw in a crisscross pattern to ensure even pressure.
- Verify that the mount is stable and does not shift when pressure is applied.

4. Attaching the Scope

- Follow the manufacturer's instructions for attaching your red dot scope or long eye relief magnified scope to the Picatinny rail.

- Ensure that the scope is securely fastened and properly aligned.

Usage

- After installation, check the stability of the mount and scope before firing.
- Always perform a function check of the scope and rifle before use.
- Practice safe firearm handling and always follow the basic safety rules.

Disposal Instructions

- Dispose of the GG&G M1A Scout Scope Mount in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the aluminum material.

Contact Information for Further Support

For any questions or concerns regarding the GG&G M1A Scout Scope Mount, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your GG&G M1A Scout Scope Mount. Thank you for your attention to these important safety measures.
