

AC-30 ACCUCAM QUICK DETACH SCOPE MOUNT - GG&G 30MM 0 MOA ACCUCAM QD SCOPE MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

In order to provide the shooter with the ability to gain more eye relief, GG&G has introduced the AC-30 Accucam QD Mounting Base With Integral 30mm Scope Rings. This mounting base is tall enough to provide clearance for the latest large objective lens-long range optics. The integrated Accucam Quick Detach Lever System provides the shooter with the ability to quickly remove the scope in order to utilize other optics as the mission may require, and have the confidence of 1/2 MOA repeatability upon reinstallation. The overall length of the AC-30 Accucam QD Scope Mounting Base is five inches. The mounting base portion is four inches in length and with its skeletonized construction weighs only six ounces. The inside ring to inside ring dimension is 3 3/4 inches. Designed and manufactured to meet the rigors of combat and professional use, the AC-30 QD Mounting Base is manufactured from solid billet 6061 T6 aluminum alloy and has a Type III hard coat anodized matte black mil-spec finish. All edges of the quick detach scope mount have been dehorned to protect the operator. The base can be quickly installed on a dovetail rail in seconds by rotating the Accucam Cam Lever to the locked position. It can then be quickly removed by rotating the Accucam Cam Lever to the unlocked position. Not recommended for .50 BMG or lightweight machine guns. If you are using a 1" scope consider adding Delrin Ring Reducers (084-000-091) to your order.

Safety Instruction Guide for AC30 Accucam Quick Detach Scope Mount

Introduction

Thank you for choosing the AC30 Accucam Quick Detach Scope Mount by GG&G. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

To ensure safe use of the AC30 Accucam Quick Detach Scope Mount, please adhere to the following guidelines:

- Always inspect the scope mount for any signs of damage before installation and use.
- Ensure that the scope mount is compatible with your firearm and optics.
- Follow all local laws and regulations regarding the use of firearms and accessories.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

When using the AC30 Accucam Quick Detach Scope Mount, please observe the following safety precautions:

- Do not exceed the manufacturer's recommended weight limit for the mounted scope.
- Avoid using the scope mount with .50 BMG or lightweight machine guns as it may not be suitable.
- Ensure the Accucam Cam Lever is securely locked before use to prevent accidental detachment.
- Always wear appropriate eye protection when using firearms equipped with this scope mount.
- If using a 1" scope, consider adding Delrin Ring Reducers (084000091) for proper fit and stability.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

Follow these steps for proper installation and usage of the AC30 Accucam Quick Detach Scope Mount:

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Place the scope mount onto the dovetail rail of your firearm.
- Rotate the Accucam Cam Lever to the locked position to secure the mount.
- Check that the mount is firmly attached by gently tugging on it.

2. Usage:

- Before each use, verify that the scope is properly mounted and secure.
- If you need to remove the scope, rotate the Accucam Cam Lever to the unlocked position.
- Store the scope and mount in a safe and dry location when not in use.

3. Reinstallation:

- When reinstalling the scope, ensure that the mount is aligned properly.
- Rotate the Accucam Cam Lever to the locked position to secure the scope.

Disposal Instructions

When disposing of the AC30 Accucam Quick Detach Scope Mount, please follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check local regulations for proper disposal of aluminum and metal components.
- Consider recycling the product if possible, as it is made from solid billet 6061 T6 aluminum alloy.

Contact Information for Further Support

For any questions or concerns regarding the AC30 Accucam Quick Detach Scope Mount, please reach out to the manufacturer's customer support team or consult the product documentation.

By following these safety instructions, you can ensure a safe and enjoyable experience with your AC30 Accucam Quick Detach Scope Mount. Thank you for your attention to safety and responsible usage.
