

FLT ACCUCAM QUICK DETACH SCOPE MOUNT - GG&G FLT ACCUCAM SCOPE MOUNT WITH 30MM INTEGRAL RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

To meet the specific optic mounting needs of the SPR shooters, GG&G has introduced their FLT Scope Mount With 30mm Integral Rings. For comparative purposes the SPR Scope Mount places the scope forward 1.5 inches more than the GG&G AC-30 Scope Mount. The FLT Mount is lightweight weighing in at only 5.5 ounces, and is 5 inches long. It is low profile allowing excellent cheek weld when mounted to the AR-15/M16 flattop upper receiver. The height from the centerline of the 30mm integral rings to the top of the dovetail mounting platform is 1.460 inches. The center to center dimension of the rings is 3.750 inches. Manufactured from 6061 T6 aluminum and Type III hard anodized matte black to mil-spec.

FLT AccuCam Quick Detach Scope Mount Safety Instructions

Introduction

Thank you for choosing the FLT AccuCam Quick Detach Scope Mount by GG&G. This product is designed to provide a reliable and secure mounting solution for your optics. To ensure your safety and the best performance of the product, please read this safety instruction guide carefully before use.

General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm before installation.
- Always follow the manufacturer's instructions for mounting and usage.
- Inspect the scope mount regularly for any signs of wear or damage.
- Use the product only as intended and for its specified purpose.
- Keep the scope mount and all accessories out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Handle the scope mount with care to avoid dropping or damaging it.
- Ensure that the mounting platform is clean and free from debris before installation.
- Do not exceed the recommended torque specifications when securing the mount to the firearm.
- Avoid using the scope mount in extreme environmental conditions that may affect its performance.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools required for installation, including a torque wrench.
- Ensure that your AR15/M16 flattop upper receiver is clean and free of obstructions.

2. Installation:

- Align the FLT AccuCam Scope Mount with the dovetail mounting platform on your firearm.
- Secure the mount using the provided screws and ensure they are tightened to the manufacturer's recommended torque specifications.
- Verify that the scope is positioned correctly for optimal eye relief and cheek weld.

3. Usage:

- Before using the firearm, doublecheck that the scope mount is securely attached.
- Adjust the scope as needed for your shooting requirements.
- Regularly inspect the mount during use to ensure it remains secure and functional.

Disposal Instructions

- Dispose of the FLT AccuCam Scope Mount responsibly and in accordance with local regulations.
- Do not dispose of the product in general waste.
- Consider recycling options for aluminum components if available.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the contact information provided by the retailer or manufacturer where you purchased the FLT AccuCam Quick Detach Scope Mount.

Thank you for prioritizing safety and compliance while using your FLT AccuCam Scope Mount. Enjoy your shooting experience!
