The Final Detail For An Accurate Restoration

Makes your restorations as accurate and valuable as possible. These red-brown rubber pads are exact reproductions of those used in the early 1900's. The Hawkins was a commonly-used, turn of the century, aftermarket pad. This faithful re-creation has the original Hawkins logo in the center and is available with the original, diamond heart pattern vents or horizontal square vents. The Winchester Vented is a copy of the original pad on early 1920's Winchesters the includes the Winchester logo and the legend "MADE IN U.S.A." above the logo and "TRADE MARK PAT. JUNE 6, 1922" correctly placed below it. Winchester Solid is a solid red pad modeled after that of many original pre-'64 Winchesters including the Model 70, Model 12, Model 21, plus all lever action and pump models. Raised lettering Winchester logo. Early Noshoc pad provides an opportunity to put the correct era pad on many high-grade American guns. Used by Parker, Fox, L.C. Smith, Remington, Winchester, and Lefever. Raised lettering reads "NOSHOC" with the legend "PATENTED JUNE 6, 1922" above the logo and "MADE IN U.S.A" below it. The Universal pad is available in red and works well on a variety of custom stocks. Screw holes are $3\frac{1}{4}$ " apart; midway between these holes is an internal cavity $\frac{3}{4}$ " wide and $2\frac{1}{8}$ " long.

Consumer Safety Instruction Guide for FACTORY LOGO RECOIL PADS NOSHOC RECOIL PAD

Introduction

Thank you for choosing the FACTORY LOGO RECOIL PADS NOSHOC RECOIL PAD. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read through this document carefully to understand how to use the recoil pads safely and responsibly.

General Safety Guidelines

- Always inspect the recoil pad for any visible damage before use. Do not use if damaged.
- Ensure that the recoil pad is compatible with your firearm model.
- Keep the recoil pad out of reach of children and vulnerable individuals.
- Use the recoil pad only for its intended purpose as outlined in this guide.
- Regularly check for wear and tear, and replace the recoil pad if necessary.
- Report any accidents or unsafe conditions to the relevant authorities.

Specific Safety Precautions for Use

- When installing the recoil pad, ensure that it is securely attached to avoid accidents.
- Do not exceed the manufacturer's specified dimensions and specifications during installation.
- Avoid using excessive force when fitting the recoil pad to prevent damage to both the pad and the firearm.
- If you experience any discomfort while using the recoil pad, discontinue use immediately and consult a professional.
- Be cautious of sharp edges during installation and handling to prevent injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including screws and a screwdriver.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Align the recoil pad with the stock of the firearm.
- Mark the screw hole locations based on the spacing provided in the product specifications.
- Drill pilot holes if necessary, ensuring not to damage the stock.
- Secure the recoil pad using the provided screws, ensuring it is tightly fitted.

3. Usage:

- Once installed, test the recoil pad by gently pressing against it to ensure it is secure.
- Use the firearm as intended, ensuring proper handling and safety protocols are followed.
- Regularly inspect the recoil pad during use for any signs of wear.

Disposal Instructions

- Dispose of the recoil pad in accordance with local regulations.
- Do not dispose of the recoil pad in regular household waste if it is damaged or contains hazardous materials.

- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries related to safety or product performance, please consult the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
