

# FACTORY LOGO RECOIL PADS - UNIVERSAL RECOIL PAD, 3/4" RED

[Home](#)

## The Final Detail For An Accurate Restoration

Makes your restorations as accurate and valuable as possible. These red-brown rubber pads are exact reproductions of those used in the early 1900's. The Hawkins was a commonly-used, turn of the century, aftermarket pad. This faithful re-creation has the original Hawkins logo in the center and is available with the original, diamond heart pattern vents or horizontal square vents. The Winchester Vented is a copy of the original pad on early 1920's Winchesters the includes the Winchester logo and the legend "MADE IN U.S.A." above the logo and "TRADE MARK PAT. JUNE 6, 1922" correctly placed below it. Winchester Solid is a solid red pad modeled after that of many original pre-'64 Winchesters including the Model 70, Model 12, Model 21, plus all lever action and pump models. Raised lettering Winchester logo. Early Noshoc pad provides an opportunity to put the correct era pad on many high-grade American guns. Used by Parker, Fox, L.C. Smith, Remington, Winchester, and Lefever. Raised lettering reads "NOSHOC" with the legend "PATENTED JUNE 6, 1922" above the logo and "MADE IN U.S.A" below it. The Universal pad is available in red and works well on a variety of custom stocks. Screw holes are 3¼" apart; midway between these holes is an internal cavity ¾" wide and 21/8" long.

# Safety Instruction Guide for FACTORY LOGO RECOIL PADS UNIVERSAL RECOIL PAD, 3/4" RED

## Introduction

Thank you for purchasing the FACTORY LOGO RECOIL PADS UNIVERSAL RECOIL PAD. This guide provides essential safety instructions to ensure the safe use and maintenance of your recoil pad. Please read this guide carefully before using the product.

## General Safety Guidelines

To ensure your safety and the safety of others, please follow these guidelines:

- Always inspect the recoil pad for any visible damage before use.
- Keep the recoil pad out of reach of children to prevent accidental misuse.
- Use the recoil pad only as intended and according to the specifications provided.
- Report any unsafe conditions or accidents related to the product to the appropriate authorities.
- Stay informed about any recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

When using the recoil pad, please observe the following precautions:

- Ensure that the recoil pad is securely attached to the firearm before use.
- Avoid using the recoil pad on firearms that are not compatible with its dimensions.
- Do not modify the recoil pad in any way, as this may compromise its safety.
- If you experience any discomfort or unusual sensations while using the recoil pad, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

Follow these steps for proper installation and usage of the recoil pad:

### 1. Preparation:

- Gather all necessary tools, including screws and a screwdriver.
- Ensure you have a clean and flat workspace.

### 2. Installation:

- Align the recoil pad with the stock of the firearm.
- Mark the positions for the screw holes, ensuring they are 3¼" apart.
- Drill the holes carefully, making sure not to damage the stock.
- Secure the recoil pad using the provided screws, ensuring it is firmly attached.

### 3. Usage:

- Once installed, test the recoil pad to ensure it is secure.
- Use the firearm as intended, ensuring the recoil pad provides adequate cushioning.
- Regularly check the attachment of the recoil pad and tighten screws if necessary.

## **Disposal Instructions**

When it comes time to dispose of the recoil pad, please follow these guidelines:

- Do not dispose of the recoil pad in regular household waste.
- Check local regulations for proper disposal methods of rubber products.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**
