# SCREW HEAD POLISHING VISE SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the SCREW HEAD POLISHING VISE from BROWNELLS. This product is designed to provide a superior way to hold screws and pins securely while polishing heads, helping to prevent burned fingers and loss of screws during the polishing process. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the SCREW HEAD POLISHING VISE is used only for its intended purpose.
- Always inspect the vise for any signs of damage or wear before use.
- Keep the working area clean and well lit to avoid accidents.
- Do not use the vise near flammable materials or in damp environments.
- Store the vise in a safe place when not in use, out of reach of children and pets.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the vise.
- Ensure that the screws or pins are securely held in place before starting the polishing process.
- Avoid excessive force when tightening the vise to prevent damage to the screws or the vise itself.
- Do not attempt to polish screws that are too small for the vise's capacity (1/4" or 6.35mm max).
- Be cautious of the polishing wheel's speed; excessive speed may cause the screws to snap out of the grip.
- Do not leave the vise unattended while in use, and keep hands away from the polishing area.

## Instructions for Installation and Usage

### 1. Installation:

- Place the SCREW HEAD POLISHING VISE on a stable work surface.
- Ensure that the vise is securely clamped to the workbench or table to prevent movement during use.

### 2. Usage:

- Open the vise by turning the handle counterclockwise.
- Insert the screw or pin into the vise, ensuring it is properly aligned.
- Tighten the handle clockwise until the screw or pin is firmly held in place, but do not overtighten.
- Begin polishing the screw head using an appropriate polishing wheel.
- After use, carefully release the vise by turning the handle counterclockwise and remove the screw or pin.

## Disposal Instructions

- Dispose of the SCREW HEAD POLISHING VISE in accordance with local regulations.
- If the vise is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the vise in regular household waste.

## **Contact Information for Further Support**
