Safety Instruction Guide for HIGH GRADE PARALLEL JAW PLIERS

Introduction

Thank you for choosing the HIGH GRADE PARALLEL JAW PLIERS by Grobet File Co. of America Inc. This guide provides essential safety instructions to ensure safe and effective use of this product. Please read this guide carefully before using the pliers.

General Safety Guidelines

- Always use the pliers for their intended purpose to avoid accidents and injuries.
- Inspect the pliers before each use for any signs of damage or wear. Do not use damaged tools.
- Keep the pliers out of reach of children and pets to prevent accidents.
- Ensure that your workspace is clean and free from hazards that could cause slips or falls.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the pliers.

Specific Safety Precautions for Use

- **Grip Safety:** Use a firm grip on the handles to prevent slipping. The smoothjawed model provides a nonmarking grip, while the serrated model is designed to hold tightly.
- **Wire Handling:** When using the lengthwise groove on the serrated model for wire or drilled rod, ensure that your fingers are clear of the gripping area to avoid pinching.
- **Force Application:** Avoid applying excessive force that could damage the pliers or lead to loss of control.
- **Surface Protection:** When working with delicate materials, consider using a cloth or other protective layer to prevent scratches or damage.
- **Environment:** Do not use the pliers in wet or damp conditions, as this may lead to slipping and increased risk of injury.

Instructions for Installation and Usage

1. **Preparation:** Before using the pliers, ensure that the area is welllit and that you have a stable working surface.
2. **Grip Adjustment:**
 - For the smoothjawed model, position the material to be held between the jaws and squeeze the handles gently to secure it.
 - For the serrated model, position the wire or drilled rod in the groove and squeeze firmly to maintain a tight grip.
3. **Cutting or Bending:** If using the pliers for cutting or bending, ensure that the material is properly aligned and supported to avoid sudden movements.
4. **Storage:** After use, clean the pliers to remove any debris or residue. Store them in a dry place, preferably in a protective case, to prevent damage.

Disposal Instructions

- When the pliers reach the end of their useful life, dispose of them in accordance with local regulations for metal tools.
- If the pliers are damaged beyond repair, consider recycling the metal components if facilities are available in your area.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact information provided by the retailer or manufacturer.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your HIGH GRADE PARALLEL JAW PLIERS. Always prioritize safety and refer to this guide whenever you have questions about the proper use of the product. Thank you for your attention to these important safety measures.
