

HEAVY-DUTY STRAIGHT WIRE GUNSMITH BRUSHES - BROWNELLS GUNSMITH HEAVY DUTY BRUSH, BRASS WIRE, STRAIGHT, 6 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Gun Cleaning Brushes](#)

Stainless Steel, Brass Or Nylon Bristles Stitched-In Wood Handle

Our finest, small cleaning brushes. Stainless steel stitching laced all the way through the handle keeps the bristles in place and prevents pull-out under even the heaviest use. Made for the aircraft industry to exceed mil specs so you know they'll last in the gun shop too. Handle is 7-ply, no split laminate that stands up to all solvents and hard scrubbing. Available in three bristle materials to suit any job. Stainless Steel - Straight wire that gives a slightly softer scrubbing action but still holds its shape even with repeated use. Excellent for scrubbing and degreasing parts in solvent prior to polishing and refinishing. Brass - Straight wire for a gentler action that still gets through built-up grease, oils and fouling. Nylon - Tough, black nylon provides no-scratch cleaning of surfaces and recesses. SPECS: All have: .005" (.127mm) diameter bristles 3 rows of 7/16" (11.1mm) long bristles set 3/8" (9.6mm) wide Bristles are 1-3/8" (3.5cm) long Overall Length: 7.76" (19.7cm)

Safety Instruction Guide for HEAVYDUTY STRAIGHT WIRE GUNSMITH BRUSHES

Introduction

Thank you for choosing the HEAVYDUTY STRAIGHT WIRE GUNSMITH BRUSHES from BROWNELLS. This product is designed for effective cleaning in gun maintenance and other applications. To ensure your safety and the best performance of the brushes, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product as intended to avoid accidents and injuries.
- Ensure that the brushes are kept out of reach of children.
- Regularly inspect the brushes for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE) such as gloves and eye protection when using the brushes.
- Follow local regulations for the disposal of cleaning materials and brushes.

Specific Safety Precautions for Use

- **Material Safety:**
 - Stainless Steel: Be cautious as the wire can cause scratches on surfaces.
 - Brass: While gentler, it is still important to avoid excessive pressure to prevent bristle damage.
 - Nylon: Use for delicate surfaces to prevent scratching.
- **Handling:**
 - Always handle the brushes by the handle to prevent injury from the bristles.
 - Avoid using the brushes on hot surfaces or materials.
- **Chemical Safety:**
 - Be aware of the solvents and cleaners you use in conjunction with the brushes. Ensure proper ventilation.
 - Follow the manufacturer's instructions for any cleaning agents used.

Instructions for Installation and Usage

1. Preparation:

- Before use, ensure that the area is clean and free from obstructions.
- Gather any necessary cleaning agents and personal protective equipment.

2. Using the Brushes:

- Select the appropriate brush based on the material and cleaning requirement.
- For stainless steel brushes, apply moderate pressure to remove debris.
- For brass brushes, use a gentler scrubbing motion to avoid damaging surfaces.
- For nylon brushes, use light pressure for noscratch cleaning.

3. PostUse Care:

- After cleaning, rinse the brushes thoroughly with water to remove any cleaning agents.
- Allow the brushes to dry completely before storing.
- Store the brushes in a dry place, away from children.

Disposal Instructions

- Dispose of any used brushes in accordance with local waste disposal regulations.
- If the brushes are damaged or worn out, consider recycling options if available.
- Do not dispose of brushes in regular household waste if they contain hazardous materials.

Contact Information for Further Support

For safety inquiries or product support, please refer to the manufacturer's contact details provided with your product packaging.

By following these guidelines, you can ensure a safe and effective experience while using the HEAVYDUTY STRAIGHT WIRE GUNSMITH BRUSHES. Thank you for prioritizing safety in your cleaning processes.
