

TAPRITE TAP GUIDE - BROWNEllS TAPRITE KIT

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Taps & Dies](#) > [Tapping Guides](#)

No More Cockeyed Ramps Or Mounts; Tap Has To Enter Straight

Efficient, positive jig that eliminates the stoop-squint, slant-slope, tilt-tip method of trying to be sure that a tap is square in the hole. Works equally well on flat or round surfaces. On tapered barrels, the milled "V" can be shimmed to ensure true tap entry. Handles all tap sizes from 3/8" to 0-80, except No. 12 and No. 14. Wood block holds bushing assortment and has holes for regularly used taps.

TAPRITE TAP GUIDE BROWNELLS TAPRITE KIT

Safety Instructions

Introduction

Thank you for choosing the TAPRITE TAP GUIDE BROWNELLS TAPRITE KIT. This product is designed to help you achieve precise tap alignment while ensuring safety and efficiency during use. Please read this safety instruction guide carefully to understand how to safely use and maintain the product.

General Safety Guidelines

- Always read and follow all instructions provided with the product.
- Ensure that the workspace is clean and free from clutter before starting any tapping operation.
- Use the TAPRITE TAP GUIDE only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the TAP GUIDE for any signs of wear or damage before each use.
- Do not use the TAP GUIDE if it appears to be damaged or malfunctioning.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the TAP GUIDE.

Specific Safety Precautions for Use

- Ensure that the surface being tapped is stable and secure to prevent slipping.
- Always check that the tap is correctly positioned in the TAP GUIDE before beginning the tapping process.
- Avoid applying excessive force when tapping, as this may lead to breakage of the tap or damage to the workpiece.
- Use only compatible tap sizes (3/8" to 080, excluding No. 12 and No. 14) with the TAP GUIDE.
- On tapered barrels, ensure that the milled "V" is properly shimmed to guarantee accurate tap entry.
- Do not leave the TAP GUIDE unattended while in use.

Instructions for Installation and Usage

1. Setup:

- Place the TAP GUIDE on a stable and flat surface.
- Confirm that the wood block is securely holding the bushing assortment.
- Ensure that the holes for regularly used taps are clear and accessible.

2. Using the TAP GUIDE:

- Select the appropriate tap size and insert it into the TAP GUIDE.
- Align the TAP GUIDE over the workpiece, ensuring it is square to the hole.
- If working with tapered barrels, adjust the milled "V" as needed using shims.
- Begin tapping by applying consistent, gentle pressure while rotating the tap.
- Monitor the alignment regularly to ensure the tap remains square in the hole.

3. PostUse:

- After completing the tapping process, carefully remove the TAP GUIDE.
- Clean the TAP GUIDE and store it in a safe place to prevent damage.

Disposal Instructions

- Dispose of the TAPRITE TAP GUIDE in accordance with local regulations regarding metal and plastic waste.
- Do not dispose of the TAP GUIDE in regular household waste. Instead, consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the TAPRITE TAP GUIDE BROWNELLS TAPRITE KIT, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your TAPRITE TAP GUIDE!
